Washing machine : No	Heater : No
TV antenna : No	Dishwasher : No
SAT-TV : No	TV : No

Various

Remarks :
This particular example is due to arrive with us in March 2026. With an open factory specification which can be amended until the end of December 2025 there is still plenty of time to discuss her specification with us! The current specification of this boat is for this exact example. Further custom options can be added by local professionals once the boat has arrived with us from the factory to create your dream boat!

This example is a high specification which includes a Yamaha 200hp (upgrade to Yamaha 250hp available), bow thruster, anchor windlass, fridge, swim platforms, marine toilet, shore power, fold out bench seating, cushions in front cockpit and more... She is currently spec'd to have a sliding door on the starboard and port side of the helm and saloon area but this could be changed.

The Merry Fisher 795 Sport is designed to facilitate sporty outings at sea. The vast, modular cockpit enables you to clear the space entirely, with numerous storage lockers and at-tachment systems for fishing or other marine activities requiring the handling of equipment. Even the cockpit roof is designed without supports, in order to facilitate movement on board and avoid obstructions while casting. In just minutes, the cockpit changes into a saloon with removable bench seating and tables. This boat also features a U-shaped saloon in the forward cockpit, with two atmospheres that can be perceived from one side or other of the wheelhouse.

Images currently shown are of a previous stock boat and not of this actual boat.

Please call us on 01243 550042 for more information.

Accommodation :
Internal
