## Various

Midget 20 now in the online auction. everyone can bid until 19 January 2026.

### Midget 20 Sailboat from 1978 &#128;#147; Compact Classic for Inland Waters and Coastal Areas

**General Characteristics of the Midget 20**

The Midget 20 is a compact sailboat with a length of 6 meters and a width of 2 meters. This 1978 model is constructed from polyester and features a V-shaped hull, which contributes to stability and course-keeping on the water. The draft is 1.10 meters, making the boat suitable for both shallower inland waters and sheltered coastal areas. The clearance height of 6.50 meters allows it to pass under most bridges, significantly expanding its navigation possibilities.

The boat is equipped with a tiller steering located outside, which is typical for this type of sailboat. The rudder is single. The self-draining cockpit enhances onboard safety, especially in changing weather conditions.

**Midget 20 Now in the Online Auction. Everyone Can Bid Until January 19, 2026.**

### Interior and Accommodation

Inside, the Midget 20 offers space for two fixed berths and an additional berth, making the vessel suitable for short vacations or weekend stays on the water. The interior headroom is 1.20 meters, which is characteristic of a boat of this size. The available mattresses and simple cooking appliance make it possible to overnight and cook onboard. The manual toilet is connected to a direct discharge to open water.

### Motorization and Technical Equipment

The Midget 20 is equipped with a Yamaha FT8 outboard motor from 2021. This motor has an electric start system, a power of 8 hp, and features one cylinder. The motor runs on gasoline and is suitable for driving the boat in calm conditions or when maneuvering in harbors and locks.

The electrical installation onboard consists of two batteries, a battery charger, and a shore power connection. The onboard voltage is 12V. Navigation is possible using a compass.

### Sail Plan and Rigging

The Midget 20 is rigged with one aluminum mast, and the sail plan consists of a mainsail, jib, and genoa. The condition of the sails is described as functional. This configuration makes the boat suitable for various wind conditions and provides sufficient sail area for recreational use.

### Equipment and Safety

On deck, the boat is equipped with fenders, lines, a swim ladder, and outdoor deck cushions. For anchoring, there is an anchor with a line available. The cockpit is self-draining, which contributes to safety in rain or splashing water.

### Usage and Sailing Area

The Midget 20 has been used on inland waters, lakes, ponds, rivers, and sheltered sea areas. The boat has been employed for pleasure cruising, day trips, vacations, and weekend stays. The current owner describes the boat as stable and sturdy, with pleasant sailing characteristics.

### Experiences and Memories

The owner mentions weekend stays on the Veerse Meer as one of the most memorable experiences with this boat. The many mooring places and islands in that area offer a varied sailing area for short trips and overnight stays.

### Summary

The Midget 20 from 1978 is a compact polyester sailboat with functional equipment and a recent outboard motor. The boat is suitable for recreational use on inland waters and sheltered coastal areas. With sleeping accommodations for three people, a simple interior, and a complete sail plan, this boat offers opportunities for short sailing vacations and day trips. The boat is ready for immediate use.
