This boat is designed for sailors seeking a sporty and compact sailing experience, with enough space for day trips or short multi-day adventures. Steering is done via a tiller, with a single rudder setup on the outside of the cockpit.</p><h3><strong>Omega 750 now in the online auction. Everyone can bid until February 16, 2026.</strong></h3><h3>Sailing Experience and Performance</h3><p>The Omega 750 is equipped with a complete sail plan, consisting of a jib, mainsail, and spinnaker. In total, there are five sails available, all in functional condition. This makes the boat suitable for various wind conditions and sailing techniques. Thanks to the combination of Andersen winches and Pfeiffer Marine fittings, the sail handling system is robust and efficient. The boat is designed with sporty sailing in mind but also offers enough comfort for relaxed trips on inland waters or coastal areas.</p><p>With a draft of 1.45 meters, the boat is suitable for various sailing areas, including lakes, rivers, and sheltered sea areas. The boat has previously been used at sea, demonstrating its potential for adventurous use. The hull construction and sail plan make it possible to sail both solo and with a small crew.</p><h3>Equipment and Completion Options</h3><p>This Omega 750 is offered as a completion project, with a large part of the necessary components already present. The boat is equipped with a manual bilge pump, an anchor, and a sturdy guardrail around the deck. The technical preparation for an engine installation is fully completed: pipes, connections, and an engine foundation are already in place.&Amp;nbsp;</p><p>The navigation equipment consists of an unused Garmin Echo 100 depth sounder and a Clipper Duet display for depth and speed measurement. This electronic equipment provides a solid basis for safe navigation on open water. The boat comes with a set of technical drawings, making the completion process clear for the new owner.</p><h3>Interior and Sleeping Accommodation</h3><p>Inside, the Omega 750 offers a simple but functional layout with one fixed berth. This makes the boat suitable for solo sailors or couples looking to make short trips. The interior space can still be finished to personal taste, allowing for customization to personal preferences and comfort requirements.</p><h3>Style and Potential</h3><p>The Omega 750 has a sporty appearance with a streamlined silhouette and practical deck layout. The aluminum mast and classic rigging plan give the boat a timeless character. Thanks to its compact size, the boat is relatively easy to handle, both on the water and when docking in harbors or marinas.</p><p>This sailboat is ideally suited for the handy sailor or enthusiast looking for a project with potential. The combination of a solid hull, complete sail equipment, and prepared engine installation provides an excellent basis for further finishing. The boat is sold as-is, including documentation such as invoices from the previous owner and technical drawings.</p><p>For those looking for a sporty sailboat with character and room for personal input, this Omega 750 is an interesting option. With the right finishing, this vessel can become a versatile companion on the water.</p></p>
