<p>Derone 990 now in the online auction. everyone can bid until 16 February 2026.

<h2>Derone 990 â#128;“ Exclusive Motorboat from 2024 with Powerful Performance and Modern Comfort</h2><p>The Derone 990 is a striking motorboat built in 2024 by the renowned shipyard Agora Yatcilik, designed by Kutlay Marine. This 10-meter-long polyester motorboat combines contemporary lines with functional luxury and is designed for water sports enthusiasts who value comfort, speed, and a distinctive character. With a powerful 250 hp Tohatsu outboard motor and thoughtful equipment, this boat is suitable for both relaxing day trips and adventurous voyages on inland waters and coastal areas.</p><p>Derone 990 now in the online auction. Everyone can bid until February 16, 2026.</p><h3>Modern Design and Thoughtful Layout</h3><p>The hull of the Derone 990 is designed in a round bilge shape, contributing to a stable and comfortable ride. The boat has a width of 3.20 meters and a draft of 70 cm, making it highly maneuverable, even in shallower waters. The clearance height of 3.70 meters allows it to pass under most bridges, significantly expanding its navigation possibilities.</p><p>Inside, the Derone 990 offers a headroom of 1.90 meters, providing a spacious feel and freedom of movement. The layout is practical and comfortable, with a fixed sleeping area for two people and the possibility to create two additional sleeping places. The presence of a dining area, mattresses, a refrigerator, freezer, stove, and hot water makes staying on board pleasant, even for longer trips.</p><h3>Extensive Equipment and Onboard Comfort</h3><p>The Derone 990 is equipped with an electric bow thruster, which facilitates docking and maneuvering. The steering position is inside, with wheel steering that ensures direct and controlled handling. The electric anchor winch with chain and line makes anchoring easy and safe.</p><p>For onboard comfort, the boat is equipped with an electric toilet system with a waste tank, a heater for warmth, and a complete electrical installation with a battery charger, alternator, inverter, shore power connection, and solar panels. This makes the boat suitable for both short and longer stays on the water, with sufficient autonomy.</p><p>Externally, the Derone 990 features a teak deck, a spacious swim platform with a swim ladder, bimini, cockpit table, outdoor shower, and comfortable seating with cushions. The pulpit and stern seats, fenders, and lines contribute to safety and ease of use. The boat comes with five life jackets, a lifebuoy, and four fenders.</p><h3>Performance and Sailing Experience</h3><p>The Tohatsu BFT250DXU outboard motor from 2024 delivers 250 hp and has only 27 running hours. This engine is known for its powerful acceleration and smooth sailing behavior. With a top speed of approximately 45 km/h, the Derone 990 offers a dynamic sailing experience, ideal for those who love speed and agility. The electric start function and modern instruments â#128;“ including a fuel gauge, oil pressure gauge, temperature gauge, and tachometer â#128;“ ensure user-friendly operation.</p><p>The fuel tank of 240 liters and the water tanks of 120 liters each (clean and waste) provide sufficient capacity for longer trips without frequent stops. Thanks to the combination of speed, stability, and comfort, this motorboat is suitable for various sailing areas, from calm inland waters to open seas.</p><h3>Unique Appearance on the Water</h3><p>What sets the Derone 990 apart is its exclusivity. This boat was delivered and imported into the Netherlands in December 2024 and is currently the only one of its kind on the Dutch market. This makes it particularly attractive to buyers looking for a unique motorboat with a contemporary look and modern technology.</p><p>Whether you are looking for a sporty day boat or a comfortable cruiser for weekend trips, the Derone 990 offers a versatile sailing experience with a striking design and powerful performance. This motorboat is an excellent choice for those who value style, space, and ease of navigation.</p></p>
