<p>Monte Carlo Offshorer 30 now in the online auction. everyone can bid until 16 February 2026.

<h2>Monte Carlo Offshorer 30 â#128;“ Classic Sports Boat with Iconic Riva Design</h2><p>The Monte Carlo Offshorer 30 is a sporty and stylish motorboat from 1980, designed by the legendary Carlo Riva. This 8.90-meter-long classic combines Italian elegance with powerful performance, making it a striking presence on the water. The boat is constructed from polyester and features a characteristic stepped V-hull, providing stable and dynamic sailing characteristics, even at higher speeds on open water.</p><h3>Monte Carlo Offshorer 30 now in the online auction. Everyone can bid until February 16, 2026.</h3><h3>Timeless Design and Sporty Performance</h3><p>The Monte Carlo Offshorer 30 is designed with a distinctly sporty character. The hull shape with a stepped V-design contributes to efficient water displacement and increased stability at high speeds. With two powerful Crusader 454 inboard gasoline engines, each with 300 hp, this boat boasts impressive power. The engines are electrically started and equipped with eight cylinders, ensuring smooth and direct acceleration. The cruising speed is around 50 km/h, while the top speed reaches approximately 75 km/h. This makes the boat extremely suitable for sporty trips and fast travel over larger bodies of water, such as seas and coastal waters.</p><h3>Comfort and Layout</h3><p>The Monte Carlo Offshorer 30 offers a functional and stylish layout, focused on day trips and sporty pleasure cruising. Inside, there is a compact cabin with two fixed berths, suitable for short overnight stays or rest moments during longer trips. The headroom inside is 1 meter, making the space mainly suitable for sitting and lying down. The steering is located outside, behind a classic steering wheel, with a characteristic â#128;˜monopostoâ#128;™ lounge chair directly behind the dashboard. This setup emphasizes the racing boat character of the model and provides the driver with a direct and sporty sailing experience.</p><h3>Equipment and Technical Specifications</h3><p>The boat is equipped with essential measuring instruments such as a fuel tank gauge, oil pressure gauge, temperature gauge, and tachometer. The electrical systems are powered via an alternator. Externally, the boat is equipped with comfortable outdoor deck cushions and a cover for protection during storage or transport. The fuel tank has a capacity of 250 liters, which is more than sufficient for longer day trips without refueling. The boat weighs approximately 3,000 kg and is designed for use on open water, particularly seas, where the hull and motorization fully come into their own.</p><h3>A Classic with Collectible Value</h3><p>The Monte Carlo Offshorer 30 is not only a sporty motorboat but also a collectible with a rich history. Carlo Riva's design is renowned worldwide for its combination of luxury, performance, and timeless aesthetics. This model is beloved by enthusiasts of classic sports boats and collectors looking for a characterful boat with a unique design. The boat has been used in the past for pleasure cruising, sporty trips, and day outings on the water, and still offers plenty of opportunities for new adventures.</p><h3>Sailing Experience and Possibilities</h3><p>Thanks to the powerful motorization and streamlined design, the Monte Carlo Offshorer 30 offers a lively and direct sailing experience. The boat responds quickly to steering movements and accelerates effortlessly, providing a dynamic feeling on the water. Whether it's a relaxing day trip along the coast or a sporty ride over open sea, this boat offers a combination of speed, style, and experience that is hard to match.</p><p>For those looking for a classic sports boat with character, appeal, and performance, the Monte Carlo Offshorer 30 is an interesting choice. With its iconic design, powerful engines, and unique sailing characteristics, this model is a standout on any water.</p></p>
