<p>Myzyk 480 now in the online auction. everyone can bid until 20 April 2026.

<h2>Myzyk 480 Sloop from 2008 â=“ Compact and Stylish Day Boat with Trailer</h2><p>The Myzyk 480 is a polyester sloop from 2008, perfect for relaxing trips on inland waters. With a length of 4.80 meters and a width of 1.80 meters, this boat can accommodate up to six people, making it ideal for day trips with family or friends. The boat is equipped with a 15 hp Suzuki outboard motor and comes with a tiltable road trailer from the brand Van Claes, made in 2023. This combination makes transporting and launching the sloop easy and accessible, even for beginner water sports enthusiasts.</p>Myzyk 480 now in the online auction. Everyone can bid until April 20, 2026.</h3><h3>Comfort and Equipment on Deck</h3><p>The Myzyk 480 is equipped with various practical and comfortable elements that contribute to a pleasant boating experience. The bimini and sprayhood provide protection against sun and wind, while the outer decks are equipped with comfortable cushions for a relaxed seating position. The boat features a swim ladder, making it easy to get in and out of the water, and is equipped with fenders and lines for safe mooring. A deck cover from 2023 ensures that the boat remains well-protected against weather influences even when stationary.</p><p>The steering is done via a steering wheel located inside the boat, providing clear and comfortable control. The hull is made of polyester, a material known for its durability and ease of maintenance. The boat is equipped with a single rudder and an anchor with a line, allowing for easy anchoring in quiet spots.</p><h3>Motorization and Performance</h3><p>The Suzuki outboard motor with a power of 15 hp is electrically started and provides enough power for relaxing trips on lakes, rivers, and canals. The motor is from the same year as the boat (2008) and has recently undergone maintenance. Thanks to the light weight of the boat and the motor, the Myzyk 480 is agile and easy to maneuver, even for less experienced skippers. The boat is suitable for use without a boating license, provided it is within the applicable restrictions.</p><h3>Trailer and Transport Options</h3><p>The Myzyk 480 comes with a road trailer from the brand Van Claes, built in 2023. This trailer is tiltable, unbraked, and equipped with a trailer winch, making loading and unloading the boat easier. With a total weight of less than 750 kg, this combination can be towed by almost any type of passenger car, without requiring a special inspection or license. This makes the boat particularly suitable for those looking for flexibility and mobility.</p><h3>Boating Experience and Use</h3><p>The Myzyk 480 is designed for use on inland waters and has so far been used exclusively on such waters. The boat is ideal for day trips and recreational use, such as leisurely boating with the family or a picnic on the water. Thanks to its compact dimensions, the sloop is easy to handle and store, while the equipment provides enough comfort for a pleasant day on the water.</p><h3>Documentation and Registration</h3><p>All necessary documents for registration are present. The boat is currently registered in Belgium and has a flag certificate for both sea and inland waters. This makes it possible to quickly and easily take over and use the boat.</p><h3>Summary</h3><p>The Myzyk 480 is a compact and stylish polyester sloop, perfect for recreational use on inland waters. With comfortable equipment, a reliable 15 hp outboard motor, and a recent trailer, this boat offers a complete solution for those looking for an accessible and user-friendly day boat. Thanks to the recent maintenance and the addition of new accessories such as the bimini and the deck cover, the sloop is ready for the new boating season.</p></p>
