Various

Remarks :

This 2009 Aquador 23WA is a well-presented and highly regarded Scandinavian walkaround, powered by a Cummins Mercruiser QSD 2.8L 230hp common-rail diesel engine with only 235 hours run time. She has been carefully maintained, with the last engine service in April 2025 and a comprehensive service history. Last ashore antifouled and polished December 2025. <p data-start="386" data-end="789">Well equipped for comfortable cruising, she benefits from bow thruster, trim tabs, teak cockpit and bathing platform, electric anchor windlass, stainless arch with cockpit enclosure, and a practical, social cockpit layout. The cabin is finished in classic cherry wood with teak flooring, blue Alcantara upholstery in very good condition throughout, double berth conversion, sea toilet, Wallas heater/stove, fridge and shore power.<p data-start="791" data-end="969" data-is-last-node="" data-is-only-node="">A versatile and seaworthy weekender, equally suited to coastal cruising, day boating or extended weekends aboard. A very tidy example of this popular model, ready for the season ahead.

Early viewing is recommend. Part exchange considered </p></div>
