Various

Remarks :

The Jeanneau Merry Fisher 695 Sport Series 2 is a versatile and robust outboard-powered boat designed for those who want to enjoy the sea without compromise. Often described as an “SUV of the water,” it perfectly balances sport, comfort and practicality making her ideal for fishing, family outings, water sports and coastal cruising.

Her proven V-shaped hull delivers excellent stability, safe handling, and efficient performance in a wide range of sea conditions. Wide side decks, recessed walkways, and multiple access doors ensure easy and secure movement around the boat, whether underway or at anchor.

The spacious cockpit is highly modular allowing it to be configured for fishing or relaxed social use while the enclosed wheelhouse provides protection from the elements and comfortable seating with excellent visibility. Inside, the forward cabin offers a practical berth for rest or storage, with the option of a marine toilet for added convenience.

Designed to be easily trailered and powered by a single outboard engine, the Merry Fisher 695 Sport Series 2 is economical to run while remaining capable and seaworthy. It is an ideal choice for boaters seeking a compact yet highly adaptable boat that performs just as well on adventure-filled days as it does on relaxed family cruises.

This particular example comes with the full benefit of Jeanneau's 7 year hull warranty and 3 year general fixture and fitting warranty along with Yamaha's 5 year outboard engine warranty.

Images currently shown are of a previous stock boat and not of this actual boat.
