## Various

<p>Triton 225 Cuddy now in the online auction. everyone can bid until 18 May 2026.

## Triton 225 Cuddy &#128;&#147; sporty weekender with diesel engine</h2><p>The 2009 Triton 225 Cuddy is a sporty and versatile weekender that stands out thanks to its efficient diesel engine and well-thought-out layout. With a length of 6.95 metres and a beam of 2.50 metres, this GRP sports boat offers a well-balanced combination of speed, comfort and practical usability. Designed for both relaxed day trips and short overnight stays, it is an attractive choice for watersports enthusiasts looking for a compact yet fully equipped boat.</p><h3><strong>Triton 225 Cuddy now in the online auction. Anyone can bid up to and including 18 May 2026.</strong></h3><h3>Efficient diesel engine and impressive performance</h3><p>What makes this Triton 225 Cuddy unique in its class is the presence of a 150 hp Volkswagen Marine diesel engine. This five-cylinder inboard engine, paired with a Bravo 3 Z-drive, delivers a cruising speed of around 20 km/h and a top speed of approximately 45 km/h. With an average fuel consumption of 20 litres per hour and a 150-litre fuel tank, the range is more than sufficient for longer day trips or weekend stays on the water. The engine has approximately 410 running hours and is electrically started. The combination of diesel technology and sporty handling makes this boat suitable for both inland waters and rougher conditions, such as the Western Scheldt.</p><h3>Comfortable layout and overnight accommodation</h3><p>The Triton 225 Cuddy is fitted out as a weekender and offers sleeping accommodation for two people in the cabin. The interior features a double berth, a manual toilet with holding tank and pump, and a compact sink. Headroom inside is 1.20 metres, which is sufficient for seated comfort and practical use of the facilities. The cockpit is multifunctional and can be converted into a double sunbed, ideal for relaxing on board. On the bathing platform there is a shower and a swim ladder, making time on the water even more enjoyable.</p><h3>Navigation and electrical equipment</h3><p>In terms of navigation, the boat is equipped with a Lowrance chartplotter and fishfinder, making both recreational cruising and fishing possible. The electrical system includes, among other things, a battery charger, alternator, inverter, shore power connection and two batteries with a total capacity of 180 Ah. On-board voltage is 12V and 220V, enabling the use of various electrical appliances. Instruments such as a fuel gauge, oil pressure gauge, temperature gauge and tachometer give the skipper a clear view of the engine&#128;&#153;s status.</p><h3>Equipment and safety</h3><p>The exterior equipment of the Triton 225 Cuddy is complete and functional. On deck you will find, among other items, an anchor with chain and line, fenders, mooring lines, a guardrail and a bathing platform. The cockpit is self-draining and fitted with an electric bilge pump, contributing to safety on board. A worn winter cover is included, as well as an optional cabrio canopy frame that is no longer in use. The boat has a radio with Bluetooth functionality, although it should be checked.</p><h3>Versatile sports boat for active watersports enthusiasts</h3><p>The Triton 225 Cuddy is an interesting option for watersports enthusiasts looking for a sporty boat with overnight capability and an efficient diesel engine. Thanks to its robust build and design, the boat is suitable for a wide range of cruising areas, from calm inland waters to more dynamic environments. The combination of comfort, performance and equipment makes this sports boat a versatile companion for both day trips and short stays on the water.</p></p>
