<p>JokerBoat Clubman 24' now in the online auction. everyone can bid until 16 March 2026.

<h2>Jokerboat Clubman 24' â#128;“ Sporty RIB with Powerful Mercruiser V8 Engine</h2><p>The Jokerboat Clubman 24 from 2005 is a sporty and versatile RIB (Rigid Inflatable Boat) that is perfect for fast trips, water sports activities, and relaxing day trips on inland waters or coastal areas. With a length of 7.50 meters and a width of 3 meters, this boat offers a stable and spacious platform, suitable for both recreational use and more dynamic voyages. The combination of a powerful engine, thoughtful equipment, and recent technical updates makes this model attractive to enthusiasts of speed and comfort on the water.</p><h3>Jokerboat Clubman 24' now in the online auction. Everyone can bid until March 16, 2026.</h3><h3>Powerful Performance and Recent Engine Overhaul</h3><p>The Jokerboat 24 is equipped with a Mercruiser V8 inboard engine with a power of 350 hp. This engine was fully professionally overhauled at the end of 2023, addressing all essential components. The Jokerboat was put back into use at the beginning of 2024, and since then, approximately 75 sailing hours have been added to the clock. The engine starts electrically and delivers impressive performance, with a top speed of about 85 kilometers per hour. This makes the boat extremely suitable for fast movements or water sports activities such as water skiing or wakeboarding.</p><p>The boat has a fuel tank of 250 liters, providing a large range. The available instruments, including a fuel gauge, oil pressure gauge, temperature gauge, and tachometer, provide the skipper with accurate information while sailing. Additionally, the boat is equipped with an electric bow thruster, which significantly eases maneuvering in harbors or when docking.</p><h3>Comfort and Equipment on Deck</h3><p>On deck, the Jokerboat 24 offers a comfortable and practical layout. The boat is equipped with a bimini top for shade on sunny days, outdoor deck cushions for extra seating comfort, and a deck cover for protection during storage. The swim platform with a swim ladder makes it easy to get back on board from the water, which is ideal for swimmers or water sports enthusiasts.</p><p>The upholstery and deck tent were renewed 2.5 years ago, contributing to a fresh appearance and extra comfort. For onboard entertainment, a Fusion audio system is installed, which was placed two years ago and provides high-quality sound during sailing or relaxing at anchor.</p><h3>Navigation and Safety</h3><p>The boat is equipped with a depth gauge, which contributes to safe sailing in shallow waters. For anchoring, there is an anchor with chain and line available. Although no anchor winch is installed, the anchor is easy to operate manually. The electrical installation includes a battery charger, alternator, and voltmeter, and there are two batteries on board for reliable power supply.</p><h3>Trailer Included</h3><p>A Freewheel road trailer from 2010 is included with the Jokerboat 24. This braked tandem axle trailer has a load capacity of 2000 kg and is equipped with a license plate. The trailer is suitable for road transport and makes it possible to easily move or store the boat outside the sailing season.</p><h3>Sailing Experience and Maintenance History</h3><p>The Jokerboat 24 has a clear maintenance history, with invoices of approximately â#130;¬15,000 over the past five years. In addition to the engine overhaul, the stern drive (four years ago) and various other technical and optical components have been addressed. The boat is regularly maintained and recently underwent an antifouling treatment. The full service history is available, providing insight into the work performed.</p><h3>Versatile RIB with Sporty Appearance</h3><p>With its robust construction, powerful engine, and complete equipment, the Jokerboat 24 is an attractive choice for water sports enthusiasts looking for a sporty RIB with space, speed, and comfort. The combination of recent technical updates and practical provisions on deck makes this boat suitable for a variety of sailing conditions and user purposes. Whether it's fast trips, recreational sailing, or water sports, this Jokerboat offers a dynamic and enjoyable sailing experience.</p></p>
