The boat comes with a storage trailer, which facilitates short-distance transport and storage.</p><h3>Navigation and Equipment</h3><p>For navigation, the Portier Holiday is equipped with a compass, navigation lights, and a searchlight, making it possible to sail at dusk or in limited visibility. Two batteries provide power on board, with a 12v system for the electrical components. The fuel tank gauge and tachometer provide the necessary information while sailing. An anchor with a line is available for safe mooring or temporarily staying still on the water.</p><h3>A Unique Classic with Character</h3><p>What makes this Portier Holiday special is not only the year of construction and origin but also the unique appearance and sporty character. The boat has been restored by the current owner, with much attention paid to preserving original details. Photos of the restoration are available, providing a good impression of the condition and craftsmanship with which this ship has been treated.</p><p>This classic speedcruiser is extremely suitable for enthusiasts of authentic wooden motorboats who value style, performance, and a unique sailing experience.
