<p>Waterland 850 OK now in the online auction. everyone can bid until 16 March 2026.

<h2>Waterland 850 OK â#128;“ Comfortable and Versatile Motorboat for Relaxed Boating Pleasure</h2><p>

The Waterland 850 OK is a polyester motorboat from 1988, perfectly suited for recreational use on inland waters and sheltered coastal areas. With a length of 8.50 meters and a width of 3.10 meters, this boat offers a pleasant combination of space, comfort, and practical sailing characteristics. Thanks to the clearance height of only 2.40 meters, the Waterland 850 OK is also suitable for trips through areas with low bridges, significantly expanding the sailing possibilities.

</p><h3>Waterland 850 OK now in the online auction. Everyone can bid until March 16, 2026.</h3><h3>Spacious Layout and Comfortable Living Space</h3><p>

Inside the Waterland 850 OK, there is a surprisingly spacious and functional living area. The headroom of 1.90 meters ensures that most passengers can move comfortably within the interior. The boat is equipped with a dining area, a stove, a refrigerator, and mattresses, making overnight stays on board possible. Hot water is available, enhancing comfort during longer stays. The manual toilet installation is connected to a 150-liter waste water tank, contributing to environmentally conscious sailing.

</p><p>The presence of a heater makes staying on board pleasant even in cooler seasons. The cockpit tent and sprayhood provide shelter from the sun and rain, while the swim platform and ladder make it easy to take a refreshing dip or board the boat easily.

</p><h3>Engine and Performance</h3><p>The Waterland 850 OK is equipped with a Ford SeaTiger inboard gasoline engine with a power of 58 hp. This four-cylinder engine from 1988 is electrically started and delivers a cruising speed of approximately 10 km/h, with a top speed of about 19 km/h. The engine is operational and provides sufficient power for relaxed trips on rivers, lakes, and canals. The fuel tank has a capacity of 75 liters, offering enough range for day trips and short vacations.

</p><p>The sailing characteristics of this boat are described as stable and comfortable, with a relatively quiet engine operation. This makes the Waterland 850 OK particularly suitable for peaceful boating trips where enjoying the surroundings is central.

</p><h3>Technical Equipment and Power Supply</h3><p>Technically, the Waterland 850 OK is equipped with various facilities that enhance ease of use. The electrical installation consists of

three batteries with a total capacity of 500 Ah, powered via a battery charger, alternator, inverter, and shore power connection. Additionally, there is a solar panel, increasing autonomy during longer stays on the water. The onboard voltage is 12V and 220V, allowing the use of various electrical appliances.

</p><p>For navigation, a VHF radio is available, and the boat is equipped with instruments such as a fuel tank gauge and temperature gauge. An anchor is also on board, as well as davits for hanging a dinghy.

</p><h3>Style and Possibilities</h3><p>The Waterland 850 OK has a timeless appearance with a functional design. The exterior is equipped with a sprayhood and cockpit tent, which not only provide protection against the elements but also contribute to the boat's appearance. Although the cabin roof could use a refresh, this does not detract from the overall impression of the ship.

</p><p>This motorboat is ideally suited for day trips, weekend getaways, or longer vacations on the water. The combination of living comfort, practical layout, and accessible sailing characteristics makes the Waterland 850 OK an attractive choice for water sports enthusiasts looking for a versatile and spacious motorboat.

</p><h3>Summary</h3><p>The Waterland 850 OK offers a balanced mix of comfort, space, and ease of sailing. With its functional equipment, spacious interior, and pleasant sailing characteristics, this ship is an interesting option for those who want to enjoy the water in a relaxed manner. Whether it's a day out, a weekend away, or a longer trip, this motorboat offers the possibilities to fully enjoy boating.
