Microwaves : No	Oven : No
Electric stove : No	Gas stove : No
Washing machine : No	Heater : No
TV antenna : No	Dishwasher : No
SAT-TV : No	TV : No

Various

Remarks :

Seadoo Speedster Jet Boat 155 HP Try shredding water in the Seadoo Speedster without breaking a smile—we bet you can’t! Distinct styles, potent power, and a capacity for four put this jet boat at the forefront of exhilaration. No wonder it’s the go-to fan favourite. This 2010 Seadoo 155 Jet Boat has only operated for 162 hours and has to be one of the best kept examples I have ever seen. It has been meticulously looked after and is in brilliant condition. The trailer has also been maintained to the highest standard and includes a spare wheel and light board, the boat comes supplied with all paperwork and service history – Just serviced, Ready to go!

Standard Features

AM/FM radio with CD player; full functioning instrumentation; closed-loop cooling system; digitally encoded security system (D.E.S.S.)

Year 2010

162 Hours (Very low for its age)

New Solas Impeller & wear ring

Karavan Bunk trailer with spare wheel / light board

What are the benefits of choosing a Seadoo Jet Boat?

Jet Propulsion Performance

The Legendary Rotax 4-TEC Engine is the most proven technology in jet propulsion. With over 550,000 currently in operation and three power levels from one proven block.

Direct Power Gives You Maximum Power

Unlike a conventional prop engine, which pushes water in a dispensed pattern, Rotax Jet Power concentrates thrust. An onboard impeller pulls water in and forces it out at a single point for maximum power. Less wasted engine power means more power in your throttle hand.

Advanced Safety

Seadoo’s are designed from the ground up so you will always enjoy a fun and care free days on the water. With Rotax® Jet Power, you do not need to worry about a propeller when swimming or skiing near the boat. You also have peace of mind knowing that your Seadoo has a very shallow draft allowing you to avoid below water obstructions and the ability to safely navigate almost any part of the waters.

Closed-Loop-Engine Cooling

Protects the engine from harmful salt, gunk and corrosion by cooling it with clean coolant like a car. Like your car, every Seadoo has a thermostat to ensure optimal engine temperature for engine reliability.

Lateral Thrust Control Delivers Quicker Reverse

Unlike other boats, which feature a small, plastic reverse gate, our aluminium reverse gate offers unmatched low-speed manoeuvrability to make docking a breeze.
