Seadoo Speedster Jet Boat 155 HP
Try shredding water in the Seadoo Speedster without breaking a smile—we bet you can’t! Distinct styles, potent power, and a capacity for four put this jet boat at the forefront of exhilaration. No wonder it’s the go-to fan favourite. This 2010 Seadoo 155 Jet Boat has only operated for 162 hours and has to be one of the best kept examples I have ever seen. It has been meticulously looked after and is in brilliant condition. The trailer has also been maintained to the highest standard and includes a spare wheel and light board, the boat comes supplied with all paperwork and service history – Just serviced, Ready to go!

Standard Features
AM/FM radio with CD player; full functioning instrumentation; closed-loop cooling system; digitally encoded security system (D.E.S.S.)

- Year 2010
- 162 Hours (Very low for its age)
- New Solas Impeller & wear ring
- Karavan Bunk trailer with spare wheel / light board

What are the benefits of choosing a Seadoo Jet Boat?

- Jet Propulsion Performance <p>The Legendary Rotax 4-TEC Engine is the most proven technology in jet propulsion. With over 550,000 currently in operation and three power levels from one proven block.</p>
- Direct Power Gives You Maximum Power <p>Unlike a conventional prop engine, which pushes water in a dispensed pattern, Rotax Jet Power concentrates thrust. An onboard impeller pulls water in and forces it out at a single point for maximum power. Less wasted engine power means more power in your throttle hand.</p>
- Advanced Safety <p>Seadoo’s are designed from the ground up so you will always enjoy a fun and care free days on the water. With Rotax® Jet Power, you do not need to worry about a propeller when swimming or skiing near the boat. You also have peace of mind knowing that your Seadoo has a very shallow draft allowing you to avoid below water obstructions and the ability to safely navigate almost any part of the waters.</p>
- Closed-Loop-Engine Cooling <p>Protects the engine from harmful salt, gunk and corrosion by cooling it with clean coolant like a car. Like your car, every Seadoo has a thermostat to ensure optimal engine temperature for engine reliability.</p>
- Lateral Thrust Control Delivers Quicker Reverse <p>Unlike other boats, which feature a small, plastic reverse gate, our aluminium reverse gate offers unmatched low-speed manoeuvrability to make docking a breeze.</p>
