<p>Fibrafort 255 now in the online auction. everyone can bid until 16 March 2026.

<h2>Fibrafort 255 Bowrider €“ Sporty Day Boat with Powerful Performance</h2><p>The Fibrafort 255 from 2022 is a modern and sporty bowrider designed for enthusiasts of speed, comfort, and style. With a length of 7.25 meters and a width of 2.57 meters, this boat offers a balanced combination of agility and space. The hull is made of high-quality polyester and features a stepped V-shape, contributing to efficient water displacement and a dynamic sailing experience. This boat was developed in collaboration with Porsche Consulting, which is reflected in the streamlined design and thoughtful layout.</p><h3>Fibrafort 255 now in the online auction. Everyone can bid until March 16, 2026.</h3><h3>Powerful Engine and Impressive Performance</h3><p>The Fibrafort 255 is equipped with a Mercury 6.2L V8 inboard engine with a power of 350 hp. This engine, with only 40 operating hours, delivers impressive performance on the water. The boat reaches a cruising speed of approximately 45 km/h and can achieve a top speed of about 80 km/h. Thanks to the electric start system and the direct response of the engine, starting and maneuvering are easy and smooth. The combination of the stepped V-hull design and the powerful engine ensures a stable and sporty ride, even at higher speeds.</p><h3>Comfort and Equipment Onboard</h3><p>The Fibrafort 255 is designed with comfort and ease of use in mind. The external steering with a steering wheel offers direct and intuitive control over the vessel. The cockpit is equipped with a cockpit table, comfortable seating, and a bimini for sun protection. The deck is finished with teak, which not only provides a luxurious appearance but also extra grip and durability.</p><p>Onboard, there is an electric toilet with a closed drainage system, making use on various waters possible. The boat has a 28-liter water tank and a stern shower, ideal for refreshing after swimming. The swim ladder at the rear makes getting in and out of the water easy.</p><h3>Electronics and Safety</h3><p>The boat is equipped with various instruments, including a fuel gauge, oil pressure gauge, temperature gauge, and tachometer. For power supply, there are two batteries with a total capacity of 120 Ah, supported by an alternator, battery charger, and shore power connection. The electric anchor winch with stainless steel anchor and chain makes anchoring easy and safe. LED navigation lights and interior lighting ensure visibility and ambiance, even during evening sails.</p><h3>Design and Functionality</h3><p>The design of the Fibrafort 255 is sleek and modern, with Italian influences visible in the steering wheel and finish. The boat is equipped with various practical features such as storage space for a table and lifebuoy, cup holders with integrated speaker mounts, and stainless steel handrails and cleats. The fiberglass arch is equipped with LED step lighting and a top light, contributing to visibility and safety.</p><h3>Versatile Use</h3><p>This Fibrafort 255 is suitable for a variety of sailing conditions, from calm inland waters and canals to larger lakes. The boat is ideal for day trips, sporty outings, or short vacations on the water. Thanks to its weight of 2200 kg and dimensions, the boat is trailerable, increasing mobility and making it possible to sail in different locations.</p><h3>Summary</h3><p>The Fibrafort 255 from 2022 is a sporty and stylishly designed bowrider with a powerful V8 engine, modern equipment, and a comfortable layout. This boat offers a dynamic sailing experience and is suitable for both relaxing day trips and sporty excursions. With its thoughtful design and extensive features, this model is an attractive choice for water sports enthusiasts looking for performance and comfort in one package.</p></p>
