<p>Rascal Runabout now in the online auction. everyone can bid until 16 March 2026.

<h2>Rascal Runabout 2016 â#128;“ Mahogany Speedboat with Classic Appeal and Modern Performance</h2><p>This Rascal Runabout from 2016 is a unique, hand-built mahogany speedboat that combines classic elegance with contemporary sailing characteristics. Built according to the designs of renowned designer Ken Basset, this vessel offers a stylish and comfortable sailing experience on inland waters, lakes, and rivers. The boat is designed for pleasure boating enthusiasts who value craftsmanship, aesthetics, and sporty performance.</p><h3>Rascal Runabout now in the online auction. Everyone can bid until March 16, 2026.</h3><h3>Classic Design with Modern Finish</h3><p>The hull of this Rascal Runabout is made from high-quality mahogany, providing a warm, luxurious appearance. The finish with stainless steel accents and a stainless steel transom emphasizes the boat's classic character, while the clear varnish protects the wood and beautifully highlights the natural grain structure. The flat bottom ensures stable positioning on the water, ideal for leisurely trips or sporty rides.</p><p>With a length of 4.50 meters and a width of 1.60 meters, the boat is compact and maneuverable, making it easy to navigate narrow waterways. The clearance height of just 85 cm allows for passage under low bridges, significantly expanding sailing possibilities.</p><h3>Performance and Motorization</h3><p>The Rascal is equipped with a 50 hp Honda outboard motor, electrically started, providing smooth acceleration and a top speed of approximately 55 km/h. This motor offers sufficient power for sporty sailing, water sports activities, or relaxing trips on the water. Thanks to the turboswing, it is easy to tow a water skier or wakeboarder, making the boat suitable for recreational use with the whole family.</p><p>The fuel tank has a capacity of 30 liters, which is more than enough for day trips. An additional reserve tank of 12.5 liters is included, extending the range. The available instruments, including a fuel gauge and tachometer, give the driver clear insight into the engine's performance.</p><h3>Comfort and Equipment</h3><p>The boat is equipped with a steering wheel, making sailing comfortable and intuitive. For safety and convenience, various accessories are included, such as an anchor, fenders, lines, life jackets, a boat hook, and a flagpole with a Dutch flag. Both a large and a small cover are provided, allowing the boat to be easily protected against the elements.</p><p>A notable feature is the included unregistered road trailer from the brand Salaho. This trailer is tiltable, equipped with eight rollers and a trailer winch, making it easy to launch and retrieve the boat. The trailer is unbraked and measures 500 x 180 cm, suitable for short-distance transport.</p><h3>Sailing Experience and Possibilities</h3><p>The Rascal Runabout is ideally suited for day trips on inland waters, lakes, and rivers. The current owner has sailed this boat on the Linge, the Maas, the Biesbosch, the Loosdrechtse Plassen, the Vecht, and even on Lake Lugano. The boat accommodates multiple passengers and is perfect for relaxing cruises, picnics on the water, or sporty activities.</p><p>Thanks to the combination of classic construction style, modern motorization, and practical equipment, this Rascal Runabout is an attractive choice for water sports enthusiasts looking for a characterful and versatile speedboat. The boat is ready for immediate use and offers a unique sailing experience with a timeless appeal.</p></p>
