Various

Remarks :

32m aluminium sailing yacht built by Aganlar in 2012 to RINA and MCA LY2 standards. Designed by Ron Holland, offering 4 guest cabins for 10 guests, ketch rig, Scania 350HP engine and twin generators. Ideal bluewater cruising yacht with charter potential. Lying Turkey.

Accommodation :

32.40m aluminium sailing superyacht built by Aganlar Yachts (2012) to RINA class and MCA LY2 standards, designed by Ron Holland. Accommodation for 10 guests in 4 cabins plus 4 crew. Scania 350HP engine, 2 x 28kW Kohler generators, ketch rig, air conditioning, watermaker, Simrad navigation, Lewmar bow thruster. Lying Turkey.

Inventory :

Aluminium hull and superstructure
Ketch rig configuration
Scania 350HP diesel engine
TwinDisc gearbox (2.04:1 ratio)
2 x 28kW Kohler generators
Condaria 96,000 BTU air conditioning system
Simrad navigation electronics
Lewmar bow thruster
Mamba Whitlock steering system
Mastervolt inverter-charger system
230V / 50Hz electrical system
7,400L stainless steel fuel tanks
3,200L fresh water capacity
3,650L black/grey water holding tanks
Watermaker
Inside and outside helm stations
RINA Class | MCA LY2 compliant

Mechanical :

Powered by a Scania 350HP diesel engine coupled with a TwinDisc gearbox, this yacht delivers reliable bluewater cruising performance. The vessel is equipped with twin 28kW Kohler generators and a full 230V/24V electrical system with Mastervolt inverter-charger installation.
The ketch rig configuration provides balanced sail handling and efficient long-distance cruising. Steering is via Mamba Whitlock system, supported by Lewmar bow thruster for precise manoeuvring.
Fuel capacity is 7,400 litres, offering substantial cruising range.
