## Various

Lifestyle 530 now in the online auction. everyone can bid until 20 April 2026.

**Lifestyle 530 sloop (2023)** &#128;&#147; modern polyester sloop</h2><p>The 2023 Lifestyle 530 is a contemporary 5.30-metre sloop designed for comfortable, carefree cruising on inland waterways, lakes and sheltered coastal areas. With its practical dimensions, clear layout and modern look, this type of boat is popular with watersports enthusiasts looking for a nimble day boat for recreational trips, an afternoon drink on the water, or a relaxed cruise through canals and lakes. This particular Lifestyle 530 has only seen limited use; according to the information provided, it has been run for approximately 15 hours. That makes it an interesting option for buyers seeking a young sloop with a fresh appearance and low engine hours.</p></h3><strong>Lifestyle 530 now in the online auction. Anyone can bid up to and including 20 April 2026.</strong></h3><h3>Dimensions, handling and ease of use</h3><p>With a length of 5.30 metres and a beam of 2.20 metres, the Lifestyle 530 offers a pleasant balance between onboard space and easy handling in the marina. The draught of around 40 cm is favourable for shallower cruising areas and makes it easier to moor along natural banks or in shallow inlets. For those who like to navigate narrow waterways or urban waters, these dimensions are also very practical: the boat is easy to manoeuvre and does not feel sluggish or heavy.</p></h3><h3>Construction and material: polyester sloop with modern lines</h3><p>The Lifestyle 530 is built from polyester (GRP), a material that is popular in this segment thanks to its sleek finish, relatively low maintenance and the ability to create modern hull shapes. Polyester lends itself well to a neat, smooth hull and a contemporary appearance. For buyers looking for a sloop that looks stylish at the dock and is practical to use, this type of construction is a good match.</p></h3><h3>Cruising experience: relaxed sloop boating on inland waters and lakes</h3><p>A Lifestyle 530 is ideally suited to classic sloop boating: a calm pace, comfortable seating and enjoying the view. Thanks to the combination of compact length and a pleasant beam, the boat feels stable for its size, while still remaining agile when docking and turning. This makes it suitable for a wide range of day trips, from a short evening cruise to a longer route across lakes and open waters.</p></h3><h3>Layout, appearance and options for the buyer</h3><p>Although the supplied data does not include a detailed overview of the exact equipment and layout, the Lifestyle 530 is known as a sloop concept in which seating comfort and social space are central. This type of boat is ideal for family use, a day out with friends, or a relaxed trip for two. Its dimensions also make it attractive for berths where space is limited, while still offering enough room on board to sit and move around comfortably.</p></h3><h3>Summary: young Lifestyle 530 sloop for immediate boating enjoyment</h3><p>Anyone looking for a 2023 Lifestyle 530 sloop will

find an attractive example here with limited hours and a practical set of dimensions for a variety of cruising areas. Thanks to its polyester construction, shallow draught and low air draft, this is a sloop that invites carefree day cruising, mooring at cosy waterfront terraces, and exploring lakes and inland waterways. A modern day boat for those who value style, ease of use and versatility.</p></p>
