The Delphia 29.2 is a coastal cruising sailboat and a small offshore cruising yacht, built by the Polish yard Delphia Yachts, renowned for its sturdy hulls and finishes in the "family cruiser" segment. Easy to maneuver, good stability for a sailboat of this size. Suitable for reduced or solo crews. Nice well-organized deck layout, the cockpit is spacious for its size in the tiller version. Interior: Bright and functional, with plenty of storage. Highlights: solid construction, good compromise between livability and maneuverability. Easy for a reduced crew, simple and effective sail plan for family cruising. Very interesting quality-price ratio. To see.
