## Various

XBOAT ref: 6314.

This Rodman 41 was bought new by a friend in 2005 and has been maintained to perfection. I took it over in 2017 with the same maintenance requirements and passion, and I made a number of improvements: a redesigned bench in the saloon for more comfort, I equipped the boat with a 6.5 kVa Mastervolt generator, a 200 V solar panel on the flybridge, and a 100 l/hour desalinator, as well as a large capacity refrigerator, which gives the boat total autonomy for cruising. The navigation electronics are complete, and the fuel consumption at cruising speed is 70 l/h on both engines. This Rodman 41 is in exceptional condition, rare on the market, a must-see.
