Lago Amore 495 now in the online auction. everyone can bid until 18 May 2026.

Lago Amore 495 ready for summer cruises
This 2019 Lago Amore 495 is an inviting polyester sloop for relaxed days on the water. She has been used for summer days with the family on inland waterways, canals and ditches, and on lakes exactly the places where a comfortable day boat makes all the difference. The boat feels spacious for her size and sits pleasantly stable on the water thanks to her V-hull. With her outside helm steering, she is easy to handle and, as skipper, you stay directly connected to everything happening around you. For anyone looking for a Lago Amore sloop, a practical family boat, or a trailerable sloop for day trips, this is an interesting lot on BoatAuction.

The Lago Amore 495 was built at Kager Watersport and designed by Lago Amore. She is executed in polyester, a material popular for sloops due to ease of use and low maintenance. According to the owner, there are no signs of osmosis. The boat was taken out of the water in 2026 for maintenance, and the most recent antifouling treatment was carried out in 2024.

Lago Amore 495 now in the online auction. Everyone can bid up to and including 18 May 2026.

What kind of boat is the Lago Amore 495 exactly?
The Lago Amore 495 is a sloop focused on comfortable day cruising. She is suitable for calm trips through canals and ditches, but also feels at home on lakes where there can be a bit more chop. With a length of about 4.85 metres and a beam of 2.75 metres, the boat offers a notably wide base, contributing to her stable position on the water. The draft of approximately 70 centimetres makes her usable on many inland waters, while the V-hull helps her track well and absorbs movement in the water neatly.

How does she run with the Suzuki outboard?
On the transom is a 2019 Suzuki 15 hp outboard with electric start. The engine is operational and, according to the owner, has around 100 running hours, which fits recreational summer use. This combination is attractive for anyone looking for a sloop with an outboard that is easy to operate and responds quickly to the throttle. The petrol tank has a capacity of 10 litres and there is one 12V battery for the electrical systems and starting. Thanks to the outside wheel steering, you maintain a natural seating position and good all-round visibility while underway, which is especially pleasant in busy canals or when docking.

Is she suitable for a day out with family or friends?
Yes; this sloop is designed for relaxed time on board. The seller indicates that her best memories with the boat were made together with the children, and that type of use suits this model well. There is space for about five adults, making her suitable for a day trip, a picnic on the water, or a cruise through the city canals. The included exterior cushions increase seating comfort, and the bimini provides shade on warm days. Thanks to the swim ladder, taking a refreshing dip or paddling by a jetty is easily arranged.

What equipment is included and what about the trailer?
The boat comes with practical accessories that make boating enjoyable right away. She has a bimini, exterior cushions, a cover, fenders and lines, an anchor, and a lifebuoy. This prepares you for both relaxed drifting and proper mooring. An additional highlight is that a trailer is included. This trailer is from 2022, single-axle, unbraked, and equipped with a winch. With a payload capacity of 1,500 kg and dimensions of approximately 5.00 by 2.50 metres, it is intended to make transporting and storing the sloop practical. For buyers specifically looking for a sloop with trailer, this is a great combination, as it makes it easier to take her to another cruising area or store her at home outside the season.

Anyone looking for a Lago Amore 495, a polyester sloop with a Suzuki 15 hp, or a stable day boat for inland waters and lakes will find a complete set; boat and trailer; in this BoatAuction lot. She invites you to create new memories again, whether that's a quiet evening cruise or a sunny afternoon with family on board.
