Waalkotter 1100 GSAK now in the online auction. everyone can bid until 18 May 2026.

spacious waalkotter for relaxed cruising</p><p>this 1980 waalkotter 1100 gsak is a classic steel motorboat with a strikingly fresh appearance and a layout that invites long days on the water. with a length of 11.15 metres and a beam of 3.40 metres, she offers plenty of living space, while her draft of approx. 0.90 metres makes her suitable for a wide range of inland waterways. the colour scheme also makes her stand out: turquoise accents, a light green deck and a cream-white superstructure give her a distinctive character you won't see on every pontoon. she has been used for leisure cruising and day trips”exactly the kind of boating a waalkotter is made for.</p></h3>waalkotter 1100 gsak now in the online auction. everyone can bid up to and including 18 may 2026.</h3><h3>what makes this waalkotter 1100 gsak so appealing?</h3><p>she combines the familiar cutter feel with practical liveability. inside, headroom is about 1.85 metres, making time on board comfortable, even for longer stays. the wheelhouse has a roof hatch and spacious settees, creating a pleasant place to sit together both underway and at anchor. especially attractive is the dual steering with wheel, so in fine weather you can also steer from the upper position on deck and fully enjoy the view. for those searching terms such as waalkotter for sale, steel motorboat, cutter yacht or motorboat with wheelhouse, this type of vessel is known for its space and calm handling on canals, lakes and waterways.</p></h3>what is the layout and how many berths are there?</h3><p>she has two fixed berths plus three additional berths. in the sleeping cabin there is a double bed with new mattresses, which are included in the sale. the dinette converts into a sleeping berth, giving flexibility for guests or (grand)children. the galley is located forward and is fitted with storage space, a display cabinet, a 3-burner gas hob and a tap with hot and cold water. this makes her suitable for weekend trips, but also for longer holidays on the frisian lakes or other inland waters where you like to live independently on board.</p></h3>what onboard amenities are there for comfort underway?</h3><p>on board you”ll find, among other things, a fridge and freezer”specifically, a new thetford n4080e+ absorption refrigerator with freezer is installed. there is also a dinette, mattresses and a cooker. the water tank has a capacity of approx. 300 litres, which is convenient for multi-day trips. the toilet is manual and discharges directly to open water. furthermore, there is shore power, a battery charger and an inverter on a 12v system, making marina stays and the use of onboard equipment practical. the oak floor and teak doors have recently been oiled, contributing to a warm interior atmosphere.</p></h3>how does she handle and what can you expect from the engine?</h3><p>she is powered by a nanni n4.38 diesel inboard engine with electric start. the engine is operational, and combined with her steel hull it provides a solid, steady-on-course experience that many cutter enthusiasts look for. with an air draft of approx. 2.40 metres, you can”depending on water level and route”pass under many bridges. this makes her interesting for those who like planning routes with limited clearance, for example through villages, canals and lake districts where bridges set the pace of the day.</p></h3>what has been done recently and what is included?</h3><p>she was last taken out of the water for maintenance in 2025, and the antifouling treatment was carried out in the same year. included in the sale are, among other items, the new mattresses, the new refrigerator and a boat parasol. outside you”ll find a bathing platform and swim ladder, making it easy to board or take a dip on warm days. fenders and mooring lines are also present, so you can moor up immediately upon arrival at a marina or an island jetty.</p><p>this waalkotter 1100 gsak is therefore an inviting steel motorboat for anyone looking for space, atmosphere and relaxed cruising on inland waters. she suits boating days with friends, quiet evenings at a small island spot, and the enjoyment of a classic cutter with her own fresh look. through boatauction, she now gets the chance

to create new memories with a new owner.</p></p>
