## Various

Beekman Orient de luxe 590 now in the online auction. everyone can bid until 18 May 2026.

**Beekman Orient De Luxe 590 ready for adventure**  
The 2006 Beekman Orient De Luxe 590 is a sporty motorboat that invites you to head straight out onto the water. With a length of 5.90 metres and a beam of 2.45 metres, she offers a pleasant balance between manoeuvrability and onboard space. Thanks to the V-hull, the boat feels at home on a variety of waters and has also been used at sea, which says a lot about her versatility. This polyester motorboat is set up for leisure cruising, but her equipment and layout also make her interesting for anyone looking for a fishing boat with modern navigation. This Boatauction listing includes a complete set, as she is supplied including a road trailer with registration.

**Beekman Orient De Luxe 590 now in the online auction. Anyone can bid up to and including 18 May 2026.**

**What kind of boat is the Beekman Orient De Luxe 590?**  
The Beekman is a compact, fast motorboat with an enclosed helm and steering wheel. She has an air draft of approximately 1.75 metres, making her suitable for many bridges and routes in the Netherlands. With a draught of around 25 centimetres, the boat can also get close to the shore and is attractive for shallower lakes and sheltered bays. On board there are three fixed berths, so a weekend away or a spontaneous overnight stay on the water is within easy reach. The self-draining cockpit adds to comfort while cruising and mooring, especially when the weather turns.

**How does she perform with the Johnson 150 hp outboard engine?**  
She is equipped with a 2006 Johnson 150 hp outboard engine, electrically started and with six cylinders. According to the information provided, the engine is operational and is supported by instruments such as a tachometer, temperature gauge, oil pressure gauge and fuel gauge. With a 50-litre petrol tank, she is ready for brisk day trips, and the stated top speed of around 80 km/h underlines her sporty character.

Anyone searching for a fast motorboat 150 hp; or a sport boat with outboard engine; will find in this type a combination of pace and practical dimensions, also suitable for trailering.

**What navigation and electronics are on board?**  
For those who like to stay on course and keep an eye on depth, the onboard electronics are a strong point. She features a Lowrance fishfinder and depth sounder, combined with GPS and chartplotter functionality. This makes her interesting for both cruising enthusiasts and sport anglers who want to target specific spots. In search terms such as a motorboat with chartplotter and fishfinder; and a fishing boat with Lowrance navigation; this equipment matches well with what many buyers expect today. With two batteries on board, there is also a solid basis for the electrical systems.

**Is she suitable for trailering and ready to use straight away?**  
Yes, and that is an important advantage of this lot. The boat is supplied with a 2023 Harbeck road trailer with registration WT VS 87. The trailer has two axles and a payload capacity of 1320, making transport to different cruising areas easier. For buyers searching for a motorboat with trailer; or a trailerable motorboat 590; this is a practical combination: store at home, drive to another region and launch when it suits. Deck equipment has also been considered, including a bimini, exterior cushions, cover, fenders and lines, plus a swim ladder for comfortable swimming and getting back on board.

**What about maintenance and the underwater hull?**  
According to the information, she was last taken out of the water for maintenance in 2026. The last antifouling treatment was in 2021. Documentation is available for the engine, boat and navigation equipment, which helps to form a complete picture during viewing and handover.

Anyone looking for a Beekman Orient De Luxe 590 as a sporty cruising boat, as a fishing boat with fishfinder and chartplotter, or as a compact motorboat that you can easily take along on a road trailer, will find this

Boatauction lot an inviting candidate. She combines speed, practical dimensions and equipment suited to active days on the water, with the option to stay overnight on board.
