Sea Ray 200 Signature now in the online auction. everyone can bid until 6 July 2026.

Sea Ray 200 Signature ready for boating fun

This 1995 Sea Ray 200 Signature is a sporty bowrider made for long summer days on the water. The boat combines the well-known Sea Ray comfort with lively, playful handling. She is six metres long and 2.35 metres wide, which makes her spacious enough for a pleasant day with family or friends, while still being easy to berth and trailer. With her GRP hull and characteristic deep-V hull shape, the Sea Ray 200 Signature is built to slice smoothly through the water, even when lakes or inland waters get a bit choppy.

The current owner has had her for about five years and used her for leisure cruising and day trips. That fits perfectly with the character of this type of sports boat: step aboard, start up and head out. A nice extra is the comfortable cushion on the bow, a great place to lie close to the water and really get that holiday feeling.

Sea Ray 200 Signature now in the online auction. Everyone can bid up to and including 6 July 2026.

What makes this Sea Ray 200 Signature so attractive?

This Sea Ray 200 Signature is appealing because she offers sportiness and relaxation in one package. She has an open cockpit with exterior cushions, a cockpit table for drinks or lunch on board, and a bimini for shade on warm days. At the stern you'll find a swim platform with swim ladder; ideal for swimming, floating, or getting back on board easily after watersports. With an air draft of approximately 1.15 metres, she is also suitable for many inland routes where bridges and low clearances are common.

Inside there is a compact cabin with a headroom of about 1.50 metres and two fixed berths. This makes her not only a day boat, but also a nice option for a spontaneous overnight stay or a long day that ends a little later.

How does she handle and what can you expect from the engine?

She is powered by a MerCruiser 5.0 V8 LX Alpha One inboard with electric start and an output of 210 hp. According to the provided information, the engine has 798 running hours. This translates into a sporty boating experience with a cruising speed around 30 km/h and a top speed that can reach approximately 85 km/h, depending on load and conditions. This makes her suitable for relaxed cruising, but also for those who enjoy a more spirited ride or are considering watersports such as waterskiing and wakeboarding.

On board, the key gauges are present, including a tachometer, oil pressure gauge, temperature gauge and fuel gauge. The petrol tank has a capacity of 150 litres, which is convenient for day trips on lakes and inland waters without having to refuel constantly.

Is she practically equipped for day trips and watersports?

Yes, she is clearly set up for comfortable day use. The bimini provides shelter, the cover helps protect her when she's not in use, and the exterior cushions make lounging on board extra enjoyable. The swim platform and swim ladder are exactly what you want on a sports boat that's frequently used for getting in and out of the water. An anchor is also included, with line and a manual anchor winch; handy for stopping in a bay or a quiet spot on the lake.

For navigation and safety she is equipped with a depth sounder, GPS and VHF radio. The electrical system is 12V and there are two batteries on board, including an alternator, battery charger and voltmeter.

What do you receive with the auction via BoatAuction?

This boat comes with a road trailer with registration, making the package especially interesting for anyone who wants to store her, transport her, or explore different cruising areas. The trailer is reported to be in good condition. Documentation is also available, including invoices and a complete history. The boat was taken out of the water for maintenance in 2024, which is a reassuring reference point for many buyers when planning the upcoming boating season.

Anyone searching for terms such as Sea Ray 200 Signature for sale, sports boat with trailer, bowrider with V8, MerCruiser 5.0 V8 or Sea Ray sports boat will find an appealing combination in this lot: a well-known

name, an inviting layout and a package that's ready for new memories on inland waters and lakes. She feels close to the water;lively and relaxed at the same time;exactly as a Sea Ray should be.
