The iconic Grand Banks in its Europa variant.

This unit benefits from all the shipyard's improvements on the fiberglass version without giving up the specific features that were discontinued from 1999 onwards as part of a cost-saving approach.

Flybridge teak redone in 2014, new generator set, hull gel-coated in 2023, batteries from 2022, hull maintenance and walkaround overhaul scheduled for 2025. More information and photos on the website xboat.fr
