XBOAT ref :6326.
The Sunreef 70 Maverick is a rare opportunity in the semi-custom luxury catamaran market. Built by the renowned Sunreef shipyard, this 2013 model combines timeless elegance, exceptional volumes, and high-end technical equipment, with its grey hulls.

Fully teak-covered, its sheltered cockpit offers an unobstructed view, featuring a large table, a kitchenette area, and sunbathing spaces. The aft platform is ideal for water sports and dinghy handling, thanks to the davits integrated into the flybridge.

Access to the flybridge is secure, providing an incredible panoramic view. Protected by its large hardtop, the central helm station with its bench seat offers a full view of the entire deck, while the large aft table is telescopic, allowing for a vast sunbathing area.

The foredeck is sleek and spacious, with two large trampolines, sunbathing areas, and smooth, pleasant sailing sensations, equipped with a full set of Hydranet sails including a spinnaker, gennaker, and solent.

The interior, bright and modern, features an optimized layout accommodating up to 10 guests, with 4 cabins including an ownerâ€™s suite, a superb saloon with an open-plan kitchen separated by a large bar, and well-separated crew quarters with direct access to the cockpit.

In terms of equipment, beyond its comprehensive inventory with air conditioning, heating, two generators, bow thrusters, two 240hp Yanmar engines, a wine cellar, etc., the current owner had planned modifications and work, which you will find in the attached inventory.

Perfectly suited for private use as well as high-end charter operations, the Sunreef 70 Maverick stands out for its reliability, meticulous maintenance, and strong commercial potential.

A safe bet for enthusiasts of large catamarans seeking a spacious, contemporary, and immediately operational yacht. More details and pictures on xboat.uk
