1974 Moonraker 36 – £15,999
“Typhoon” is a classic Moonraker 36, a model that continues to enjoy a loyal following thanks to its renowned combination of spacious accommodation, capable sea keeping, economical cruising and timeless styling. Built during what many enthusiasts consider to be the marque’s finest production period, these well-respected motor cruisers remain highly sought after for both coastal cruising and extended stays aboard.
Offering generous living space and practical layouts throughout, “Typhoon” represents an excellent opportunity to acquire a characterful and capable British-built cruiser at an attractive price point. This vessel does require some TLC, but is reflected in the price. The owner is open to offers for a quick sale.

Please call our Kent Office +44 (0)1634 571605 for further information or to arrange a viewing.

Accommodation :

The Moonraker 36 offers spacious and comfortable accommodation for up to six guests across three well-designed cabin areas, with excellent headroom of approximately 6ft throughout, creating a bright and airy feel onboard.
Forward, the inviting V-berth cabin provides comfortable guest accommodation, while the heads compartment to port is well equipped with a marine toilet, vanity unit and shower facilities. The compartment also houses the Worcester Bosch boiler, providing dependable hot water onboard.
The main saloon is both practical and welcoming, featuring a generous U-shaped seating area which easily converts into an additional double berth when required, making the boat ideal for extended cruising or entertaining family and friends. Opposite, the galley is thoughtfully arranged and well equipped with a stainless-steel sink, Dometic gas oven with three-burner hob, microwave and refrigerator, offering everything needed for comfortable onboard living. Fresh water is supplied from a substantial 410-litre tank, with hot water available via the immersion heater system.
A spacious aft cabin provides a comfortable double berth along with plentiful storage space, making it particularly well-suited for longer stays aboard. Throughout the vessel, heating is provided by an Eberspacher diesel heating system together with the added comfort and character of a log burner, ensuring a warm and cosy atmosphere in all seasons.
The wheelhouse offers excellent visibility from the helm position to port and is fitted with full instrumentation and engine controls, creating a practical and sociable space whilst underway.
Externally, the aft deck provides an excellent seating and entertaining area, ideal for relaxing in harbour or enjoying time afloat, with convenient access to the transom boarding ladder.
