Oud Huijzer 570 now in the online auction. everyone can bid until 22 June 2026.

Sporty Oud Huijzer 570 sloop Anyone looking for a sporty sloop with real presence will quickly end up with this 2017 Oud Huijzer 570. The boat stands out thanks to its elegant lines and tough black colour scheme. She is built from polyester and designed for relaxed days on the water, but also for those who occasionally like to cruise a bit faster. With a length of 5.70 metres and a beam of 2.30 metres, the Oud Huijzer 570 offers a pleasant balance between space on board and easy handling when docking. This lot is interesting for anyone searching for an Oud Huijzer 570 for sale via an online boat auction and who values comfort, looks and a complete set of accessories. The sloop has been used on inland waters and comes from the second owner. That fits her character: a boat for day trips, leisure cruising and sporty boating, without becoming large or impractical. Thanks to her draught of around 60 centimetres, you can reach many places such as lakes, canals and city waterways that are less accessible to deeper boats. With an air draft of approximately 120 centimetres, she is also suitable for routes with lower bridges, depending on load and conditions.

Oud Huijzer 570 now in the online auction. Anyone can bid up to and including 22 June 2026.

What makes this Oud Huijzer 570 so attractive? Her combination of comfort and sportiness really stands out. The boat is set up for lounging, with exterior cushions and a sun deck where you can stretch out and enjoy the sun. At the same time, the engine setup gives her that extra bit of punch, so you can not only cruise quietly but also run more sportily whenever you feel like it. The removable table completes the picture: moor up in a sheltered spot and enjoy drinks with friends on board it quickly feels like a holiday. **How does she run with the Suzuki 70 hp engine?** She is equipped with a 2017 Suzuki 70 hp petrol engine. According to the information provided, the engine is in working order and suits the sporty character of the Oud Huijzer 570 well. In practice, this means the boat is not only suitable for relaxed sloop cruising, but also for quicker trips on more open water. Steering is via a wheel, with the controls positioned within easy reach, which many skippers find comfortable and which provides a clear, organised helm position while underway.

Is she suitable for day trips and socialising on board? Yes; this is exactly what she is made for. The boat is supplied with exterior cushions, a sun deck and a removable table, allowing you to switch easily between lounging and sitting together. Fenders and lines are also included, which is handy when mooring. With the cover, you can protect her when she is not in use. For anyone looking for a sloop with a sun deck that is both comfortable and sporty, this Oud Huijzer 570 is an excellent match.

What is her condition and what can you expect in terms of signs of use? According to the information provided, the boat is in good condition, with known signs of use on the exterior. That is in keeping with a sloop that has actually been used for what she is intended for: boating and enjoying the water. In 2026 she was last taken out of the water for maintenance, which many buyers appreciate when considering a polyester sloop from these build years. If you want to buy an Oud Huijzer sloop via auction, having realistic expectations is important: this boat offers a tidy base with a look that still catches the eye.

Is a trailer included and what is the benefit? Yes, she comes with a Pega Comfort road trailer without registration, single axle. The trailer is described as fine and, according to the information provided, in good condition. This makes the package extra flexible: you can transport her more easily, store her, or launch her at a different location. For buyers looking for a sloop with a trailer, this is a practical addition that increases ease of use; especially if you don't always want a permanent berth. **This Oud Huijzer 570 is therefore an inviting choice for anyone looking for a sporty sloop with a Suzuki 70 hp engine, including sun deck, table and trailer in one lot. She combines a tough look with a layout that invites**

long days on the waterâ€”from quiet drifting to active boating whenever you feel like it.</p></p>
