Motorboat 1100 now in the online auction. everyone can bid until 6 July 2026.

spacious steel motorboat 1100 for enjoyable cruising

this 1970 motorboat 1100 is a steel motorboat measuring 11 metres in length and 3 metres in beam, built for relaxed cruising while offering surprisingly generous living space. she is a great candidate for anyone looking on boatauction for a practical boat for inland waterways, canals and ditches, but also for larger waters where you may appreciate extra stability and comfort on board. with an air draft of approx. 2.65 metres, she remains interesting for routes with bridges, while her draft of about 1.00 metre suits many popular cruising areas.

the boat is offered in reasonable condition and was out of the water in 2026 for maintenance; the antifouling treatment was also carried out in 2026. this gives a buyer a current starting point to further outfit her to personal wishes or improve her step by step.

motorboat 1100 now in the online auction. everyone can bid up to and including 6 july 2026.

what makes this motorboat 1100 attractive for longer trips?

she combines manageable dimensions with a layout that invites longer stays on board. there are four fixed berths plus two additional berths, allowing you to stay overnight with family or guests. the dinette forms the heart of the interior and makes her suitable for weekend getaways and holidays. in the accommodation you will find, among other things, a refrigerator, cooker, microwave and freezer, making life on board practical when you don't want to eat ashore every day.

with a water tank of approx. 200 litres and a diesel tank of approx. 200 litres, she is set up for self-sufficiency. this type of steel motorboat is often sought after by water sports enthusiasts who want to buy an affordable cabin cruiser with ample space, without immediately having to look at a much larger vessel.

how does she handle and what can you expect from the engine?

the motorboat 1100 is equipped with a 1970 ford inboard diesel with 18 hp, electric start and four cylinders. the engine is operational according to the owner. stated consumption is around 3 litres, which makes her interesting for those who enjoy leisurely cruising and want to keep costs manageable. cruising speed is approx. 18 kilometres per hour and maximum speed approx. 20 kilometres per hour, suitable for relaxed pleasure boating and trips on canals and rivers.

on board there are instruments such as a fuel gauge, oil pressure gauge and temperature gauge. this helps you keep an eye on the key values while underway. with her single rudder and outside helm, you also maintain direct contact with the water and surroundings; something many skippers appreciate when manoeuvring and mooring.

is mooring and manoeuvring easy with her equipment?

yes, she is fitted with an electric bow thruster, which can be a pleasant aid especially in harbours, narrow canals and in crosswinds. outside you will find practical equipment such as fenders and lines, guardrails, a swim platform and a swim ladder. this makes her not only suitable for safe mooring, but also for comfortably getting into the water along the way.

in addition, two anchors with chain attachment are present. for skippers who like to find a quiet overnight spot or take a break outside the marina, this is a valuable basis. a bimini and deck covers are also included, helping to create shade and shelter and to use the outdoor space flexibly.

what about power and sanitary facilities on board?

for the electrical system there are three batteries on board, supplemented by a battery charger and voltmeter. this supports the use of onboard equipment and lighting during your stay. the toilet is a vacuum toilet. please note: according to the owner, the toilet discharge goes directly into open water. a buyer is advised to look into local regulations and personal preferences, and to consider modifications where necessary.

for whom is this steel motorboat a logical choice?

this motorboat 1100 suits someone looking for a steel cabin cruiser with plenty of space, practical equipment and a size that remains easy to handle. she has been used for day trips, pleasure cruising, sporty boating, holidays, weekend trips and living aboard,

which clearly shows how versatile the boat can be. the owner describes her as comfortable, easy to navigate and spacious, which matches what you may expect from an 11-metre motorboat with a 3-metre beam.

are you looking for a motorboat 1100 for sale via boatauction, with an outside helm, bow thruster, berths for family or friends and a steel hull that invites many enjoyable boating seasons? then she is certainly worth viewing within this auction lot.
