Speedboat 410 now in the online auction. everyone can bid until 22 June 2026.

Sporty Speedboat 410 for boating fun
Anyone looking for a compact speedboat for spontaneous trips on the water will find this Speedboat 410 an appealing option. The boat is built from polyester and, with a length of 4.10 metres and a beam of 1.40 metres, is pleasantly easy to handle. She feels at home on inland waterways, canals and ditches, but also on lakes and rivers where you can enjoy a relaxed cruise or take a more sporty ride. Via BoatAuction, she is now being offered to a new owner who is looking for accessible boating fun with an outboard engine.
The Speedboat 410 is a type often chosen by watersports enthusiasts who want a small motorboat that is easy to handle at a jetty, in a narrow canal or at a slipway. With her shallow draft of around 20 centimetres, the boat can also reach many places where larger boats have to turn back. This makes her an attractive recreational boat for a day on the water, a loop through the city canals, or an afternoon on open water.

What makes this Speedboat 410 interesting?
This motorboat combines compact dimensions with a sporty character. The consignor indicates that the Speedboat 410 is suitable for engines up to a maximum of 40 hp. At present she runs with a Honda BF 8 outboard engine. This is an 8 hp petrol engine with manual start, year of manufacture 1998, and according to the information provided the engine is operational. For many buyers this is a great starting point: you can head out on the water straight away with the current set-up, while still keeping the option to consider different engine choices later within the permitted limit, depending on your wishes and local boating regulations.
The polyester hull is a practical choice for anyone who wants a boat suited to recreational use and easy to keep clean. The boat was last taken out of the water for maintenance in 2026. In addition, it is stated that there is no osmosis or signs of osmosis present, which is an important point for many people looking for a polyester speedboat.
Is this motorboat suitable for beginners?
Yes, thanks to her dimensions and straightforward set-up, this Speedboat 410 is a logical choice for someone just starting out in leisure boating. The boat is generally easy to manoeuvre and requires little mooring space. Even if you already have experience, she is great fun if you are looking for a compact sport boat for short trips, a quick run after work, or a relaxed weekend afternoon. Her shallow draft also helps when boating in shallower areas and close to the banks.

What engine is fitted and what can you expect?
She is equipped with a Honda BF 8 outboard engine of 8 hp with manual start. According to the information, the engine is operational and runs on petrol. An 8 hp outboard is well suited to relaxed cruising on inland waters and offers an accessible way to use the boat without complicated systems. Those searching for terms such as Honda BF 8 outboard engine, small motorboat with outboard engine, or Speedboat 410 will find a combination here that is often sought after by watersports enthusiasts who want practical and affordable boating.

Where has she been used and what kind of boating is she suited for?
The boat has been used on inland waterways, canals and ditches, lakes and rivers. This says something about her versatility: she is not limited to just one type of water. The consignor used her for day trips, leisure boating and sporty cruising. As a result, this Speedboat 410 suits a range of plans, from calm cruising with a few stops along the way to more active boating on wider water.

Is a trailer included?
No, no trailer is included and she is not registered. For buyers who already have a suitable boat trailer or use a berth, this is often not an issue. If not, it is wise to think about transport and storage in advance. Thanks to her compact size, transport with a suitable trailer is generally easy to arrange.
This Speedboat 410 via BoatAuction is especially interesting for anyone looking for a compact polyester speedboat with a working Honda outboard engine, suitable for versatile use on inland waters. She invites you to discover new routes again, from narrow city canals to open lakes, with the freedom to go whenever you like.
