The Privilege Serie 6 TINTO is a 2018 sail catamaran built by Privilege shipyards, renowned for their high-quality construction, finishes, and fittings. Having been used by a single owner for just a few months each year and with fewer than 500 engine hours, it is now available for sale.

Its sleek hull lines deliver a marked performance improvement across different points of sail, bright cabins, and ample buoyancy allowing for heavy equipment and payloads without compromising the boat's stability or onboard comfort.

The safely enclosed cockpit is fully teak-lined with a large table and cushioned seating, sunbathing areas, while the stern platform facilitates easy tender handling with comfortable and secure bathing/swimming platforms. The deck features flush hatches, and access to the flybridge is provided on both sides, with a helm station to port and a lounge space.

Inside, the fit-out is refined: glossy oak cabinetry, alcantara bulkheads, leather upholstery. A dining area to starboard, a salon to port with a coffee table, a chart table at the entrance, and extensive storage. A 43-inch flat screen completes the space.

TINTO offers a superb owner's version with a central forward master stateroom on the foredeck, two additional VIP cabins aft, and a third crew cabin forward to starboard plus a forward peak. The fully equipped and brightly lit galley is midships, well-ventilated.

For performance, the Privilege Serie 6 TINTO is optimized with a carbon mast and boom, Hydranet sails including a gennaker and code zero. Comfort-wise, it lacks nothing: electric davits, 160 HP Yanmar engines, generator, watermaker, solar panels, hydraulic swim platform, lithium batteries, air-conditioning. In short, an exceptional unit! More details and pictures on xboat.uk
