Various

Saverboat 580MG now in the online auction. everyone can bid until 6 July 2026.

Saver 580MG ready for new adventures</h2><p>Anyone looking for a sporty and comfortable RIB that invites long days on the water will find this 2017 Saverboat 580MG an attractive opportunity. The boat combines a practical layout with a V-hull that cuts smoothly through the water, making her equally at home on inland waterways, lakes and rivers, as well as at sea. With a length of 5.80 metres and a beam of 2.50 metres, the Saver 580MG offers surprisingly generous space on board while remaining easy to handle when docking and trailering. This RIB is being auctioned via BoatAuction and includes a road trailer, making her especially interesting for buyers who like to explore different cruising areas.</p></h3>Saverboat 580MG now in the online auction. Everyone can bid up to and including 6 July 2026.</h3><h3>What makes this Saver 580MG so suitable for holidays?</h3><p>The Saverboat has been used by the current owner for holidays, and that shows in her equipment and setup. She is arranged for comfortable day trips with family or friends, featuring exterior cushions, a cockpit table and a bimini for shade on warm days. The swim platform and swim ladder make a dip or swim stop easy and safe, also with children. In addition, there is a shower on board, adding that extra bit of comfort after swimming in salt or fresh water. With a 60-litre water tank, she is practical for day use and short stays on the water.</p></h3><h3>How does she handle with the Mercury 115 hp outboard engine?</h3><p>On the transom is a 2017 Mercury 115 hp outboard, electrically started and fitted with instruments such as a fuel gauge, oil pressure gauge and temperature gauge. The engine has, according to the information provided, 136 running hours, which is an appealing starting point for many buyers looking for a RIB with a Mercury 115 hp. Combined with the V-hull, this delivers lively yet controllable handlingâ€”ideal for those wanting to buy a sporty RIB for both relaxed cruising and brisk planing. Steering is via a wheel at the external helm position, providing a direct feel of the water and good visibility while underway and manoeuvring.</p></h3><h3>Is she practically and safely equipped for families?</h3><p>This Saver 580MG is a self-draining RIB, which adds peace of mind when the weather turns or when water comes on deck. An electric bilge pump is also fitted. For many families looking for a safe RIB, these are welcome features. The boat is supplied with a first-aid kit and has an anchor with chain and line, operated with a manual anchor winch. This makes it easy to stop for a while near a beach, in a bay or at a quiet spot on the lake.</p></h3><h3>What is known about maintenance and condition?</h3><p>The boat is built in polyester (GRP) and, according to the information provided, has no osmosis or signs of osmosis. She was last taken out of the water for maintenance in 2026, and the last antifouling treatment was in 2022. The owner states there are no known defects and that she has not suffered any damage. For interested parties specifically searching terms such as â€œSaver 580MG for saleâ€, â€œ5.8 metre RIB with trailerâ€ or â€œpolyester RIB with outboard engineâ€, this is a combination that often sits high on the wish list.</p></h3><h3>Is she supplied with a trailer and is trailering easy?</h3><p>The auction includes a 2017 Vlemmix road trailer, braked and with a payload capacity of 1,800 kg. The trailer has six rollers and a trailer winch, making launching and retrieval easier. For buyers wanting to purchase a RIB with trailer, this is a major advantage: you are less dependent on a permanent berth and can take her to different cruising areas. The trailer is stated to function well and is inspected every two years at the vehicle inspection. Please note: this is a road trailer without a registration plate.</p><p>All in all, the Saverboat 580MG is a complete package for anyone looking for a spacious six-person RIB, with a powerful Mercury outboard, comfortable deck equipment and the convenience of a trailer. She has already provided wonderful holidays and is now ready to help a new owner create fresh memories.</p></p>
