Jeanneau Prestige 32 now in the online auction. everyone can bid until 6 July 2026.

Jeanneau Prestige 32 Flybridge ready for boating enjoyment

Anyone looking for a comfortable flybridge motorboat with a pleasant layout and good handling will find this 2003 Jeanneau Prestige 32 an appealing candidate on BoatAuction. Built by Jeanneau in polyester with a V-shaped hull, she offers a stable, true-tracking character on inland waterways, lakes and rivers, and also at sea when conditions allow. With a length of 10.00 metres and a beam of 3.65 metres, she provides surprisingly generous living space, while her draft of approx. 0.95 metres also makes her suitable for many Dutch cruising areas. The air draft of around 3.30 metres also helps when planning routes with bridges.

Jeanneau Prestige 32 now in the online auction. Anyone can bid up to and including 6 July 2026.

What makes this Jeanneau Prestige 32 so attractive?

She combines typical Prestige comfort with a practical, well-thought-out design. The dual helm station is a major plus: you can cruise sheltered from the saloon or outside from the flybridge with extra visibility. Thanks to the electric bow thruster and twin rudders, the boat can be manoeuvred in a controlled manner, which is especially pleasant in marinas and when docking. Ease of use has also been considered with trim tabs, an anchor winch and clear gauges such as tachometers, oil pressure gauges, temperature gauges and fuel tank gauges.

How does she perform and what's in the engine room?

This Jeanneau Prestige 32 Flybridge is powered by two Volvo Penta KAMD300 diesel engines of 285 hp each. Both engines are electrically started and have approximately 985 running hours. This makes her interesting for buyers searching for terms such as Volvo Penta KAMD300, twin diesel motorboat or Prestige 32 Flybridge for sale. The stated cruising speed is around 20 km/h and the top speed around 42 km/h, allowing for both relaxed cruising and more spirited boating. With diesel fuel and a total tank capacity listed at around 300 litres, she is suitable for weekend trips and holidays, especially in combination with her comfortable onboard amenities.

Is she suitable for overnight stays with four people?

Yes, she offers four fixed berths, divided between a master cabin and a guest cabin. In the master cabin, reading lights, wardrobe space and practical storage under the bed provide a pleasant stay. The guest cabin is also equipped with reading lights and a wardrobe, so guests can store their belongings neatly as well. This makes the Jeanneau Prestige 32 a logical choice for anyone looking for a motor yacht with two cabins, a flybridge cruiser or a weekend boat with berths.

How comfortable is life on board?

The interior is designed for relaxed stays. In the saloon you will find a cosy seating area including a corner sofa and a small foldable table; ideal for breakfast, charts or a drink after cruising. The galley is equipped with a refrigerator, stove, microwave and freezer, so you are not dependent on shore facilities. Hot water is available and the hot-air heating adds comfort in cooler seasons. With a water tank of approx. 250 litres, she is also practical for multi-day trips.

What about sanitary facilities and amenities?

The bathroom is fully fitted with a round stainless-steel washbasin with cabinet, a mirror unit and a mixer tap for hot and cold water. The pull-out shower tap makes showering on board extra convenient. The toilet is manual and discharges directly overboard; something to consider depending on your cruising area and personal preference. For relaxation, there is also onboard entertainment such as a television with DVD player and a radio with Bluetooth.

Which navigation equipment and gear are included?

She is equipped with Raymarine navigation, including an autopilot and a combined unit with radar, plotter, depth sounder and speedometer at the inside helm. On the flybridge there is also a Raymarine depth sounder and the autopilot can be operated there as well. This matches searches such as motorboat with radar and plotter, flybridge with autopilot or Raymarine navigation on board.

Outside you will find, among other things, a swim platform with swim ladder, guardrails, cockpit table, cockpit tent, sprayhood, exterior cushions and davits. The cockpit is self-draining, contributing to practical use.

What is known about maintenance and condition?

The boat was last taken out of the water for maintenance in 2024, and antifouling was applied in the same year. According to the information provided, there are no signs of osmosis. Documentation in the form of a manual is available. All of this provides a clear picture for interested parties specifically searching for a Jeanneau Prestige 32 built in 2003, flybridge motor yacht in polyester.

This Jeanneau Prestige 32 Flybridge is an inviting cruiser for day trips, weekends away and holidays, with the added pleasure of a spacious flybridge as a second living area. She is waiting for her next owner via BoatAuction, ready to bring new cruising plans to life.
