Sloop 360 now in the online auction. everyone can bid until 24 August 2026.

charming sloop for relaxed boating enjoyment

this 2018 sloop 360 is the kind of boat that naturally makes you slow down on the water. she is compact, easy to handle, and built for carefree enjoyment on inland waterways. with a length of 3.60 metres and a beam of 2.50 metres, the boat feels surprisingly spacious for her size. the previous owner mainly used her for day trips on canals and ditches and on lakes; exactly what makes this type of polyester sloop so appealing: step aboard, start up, and head out.

according to the information provided, the boat is in reasonable condition and was last taken out of the water for maintenance in 2025. there is no osmosis or evidence of it. that offers a reassuring starting point for anyone looking for a used sloop intended primarily for lots of boating hours, without immediately thinking in terms of major projects. this lot is also attractive because she is offered including a road trailer and a recently purchased yamaha outboard engine, making her easy to transport and use in different cruising areas.

**sloop 360 now in the online auction. everyone can bid up to and including 24 august 2026.**

what makes this sloop 360 so suitable for day trips?

she is built as a practical 4-person sloop, ideal for short to medium outings with family or friends. thanks to her limited draft of approximately 40 centimetres, you can easily navigate shallower sections, making her especially suitable for canals, ditches, and sheltered inland waters. the sloop 360 also feels at home on lakes, particularly when cruising calmly and enjoying the view. her polyester hull is a popular choice for boats like this, as maintenance remains manageable and the boat is pleasant to handle.

which engine is included and what can you expect?

this sloop comes with a yamaha f8fmhs outboard engine with 8 hp, a 4-stroke engine from model year 2025. the engine is operational and, according to the information, was purchased new in 2025. for a 3.60-metre sloop, 8 hp is a great match: enough power to get going smoothly and cruise comfortably, while keeping that relaxed sloop feeling. anyone searching for a yamaha 8hp 4-stroke outboard for a sloop often ends up with exactly this kind of setup, as they are popular for leisure boating on inland waters.

is a trailer included and is she easy to transport?

yes, she is supplied with a road trailer without registration, model year 2018, single axle. the trailer is stated to be in good condition. this makes the auction lot especially attractive for buyers who want to store the boat at home or take her to different cruising areas. a sloop with trailer also gives you more flexibility for maintenance and cleaning, because you can easily take her out of the water whenever it suits you.

what equipment is included with the purchase?

in addition to the trailer and outboard engine, buoys, life jackets, and paddles are included. there is also a lock for both the engine and the trailer, which is useful when parking or storing her temporarily. an anchor is also on board, attached with chain and line. these extras make it easier to head out on the water right away; especially if you are looking for a complete sloop set including engine and trailer, without having to gather all the basic essentials first.

how was she used and why is she being sold?

the owner bought her three years ago and used her with great pleasure for leisure cruising. she was mainly used on inland waters, through canals and ditches and on lakes. the reason for sale is a new family situation, leaving less time for boating. that makes this sloop 360 a great opportunity for someone who does want to make room for spontaneous trips, an afternoon drifting, or a calm evening loop through the city canals.

anyone looking for a used 3.60-metre sloop, a compact polyester 4-person sloop, or a sloop with a yamaha outboard engine and trailer will find an inviting combination in this boatauction lot. she is ready to return to the water and give her next owner the same relaxed boating moments as before.
