Beekman 430 now in the online auction. everyone can bid until 24 August 2026.

Beekman 430 ready for boating fun</h2><p>Anyone looking for a practical polyester motorboat for a relaxed day on the water will find this Beekman 430 an appealing candidate. The boat is compact, easy to oversee, and made for carefree enjoyment on inland waterways, lakes and rivers. With a length of around 5.00 metres and a beam of approximately 1.50 metres, she is easy to handleâ€”even if you donâ€™t yet have years of experience. At the same time, the Beekman 430 offers surprisingly usable space on board, allowing you to head out comfortably with several people. The current owner indicates that four people can come along just fine, making her a great choice for leisure cruising, a day trip, or a few hours of fishing.</p><p>The hull is made of polyester, a material popular for this type of motorboat thanks to its ease of use and relatively simple cleaning. The boat was taken out of the water as recently as 2025, which many buyers appreciate when considering a second-hand motorboat. She is offered via BoatAuction and comes with a package of accessories that makes getting started extra easy.</p><h3>Beekman 430 now in the online auction. Anyone can bid up to and including 24 August 2026.</h3><h3>Which engine is on this Beekman 430?</h3><p>On the transom is a 25 hp Mercury outboard engine. That power suits the size of the Beekman 430 well and makes her suitable for brisk cruising on familiar inland waters. According to the owner, she runs nicely and reaches about 30 kilometres per hour, depending on load and conditions. For those searching terms such as â€œBeekman 430 with Mercury 25 hpâ€, â€œ25 hp motorboatâ€ or â€œfast polyester boat for inland watersâ€, this is a combination that often offers exactly the right balance between pace and simplicity.</p><h3>Is she suitable for fishing and day trips?</h3><p>Yesâ€”this Beekman is specifically intended for accessible boating fun. She has been used for leisure cruising and day outings, and the owner also mentions fishing as a suitable use. Thanks to her manageable size, she is easy to moor and simple to position on calm water. If youâ€™re looking for a fishing boat thatâ€™s also enjoyable for a cruise with family or friends, this Beekman 430 is a versatile open motorboat that can combine both roles.</p><h3>What is included with the auction lot?</h3><p>This lot includes a road trailer without registration, braked, with a length of approximately 550 cm. Thatâ€™s convenient for transport and storage, especially if you donâ€™t want to keep her permanently in the water. Various practical items are also included, such as a boat cover, a trailer lock, a small anchor with rope, a water pump, and two tanks with connection cables for the engine. Life jackets are also included, as well as fenders and an oar pedal. Extras like these make a real difference when buying a boat at auction and wanting to get on the water quickly.</p><h3>What about electrics and basic equipment?</h3><p>On board there is one battery with 12V power. This is a common basic setup for simple onboard consumers and fits the character of this boat: practical, straightforward, and focused on hassle-free boating. The included equipment such as life jackets and fenders complements that nicely and helps you use her immediately.</p><p>The Beekman 430 is registered under registration number 8-YH-802. Documentation is reportedly not available, but the owner does share her history: he bought the boat himself a few years ago via BoatAuction, at the time with a 15 hp Suzuki, and later fitted her with the now-registered 25 hp Mercury. Since then, she has been enjoyed annually on inland waters.</p><p>Are you looking for a Beekman motorboat thatâ€™s easy to trailer, suitable for four people, and invites spontaneous trips or an afternoon of fishing on the lake? Then this Beekman 430 is a warm invitation to place a bid and soon make her your own boating companion.</p></p>
