Remarks :
Deep Blue 7 is a privately owned 2018 Beneteau Oceanis 38.1 offering an unusually comprehensive cruising specification for a yacht of her size.   Owned by the same owner from new and never used for charter, she has been extensively upgraded in recent years with a Fischer Panda generator, twin marine air- conditioning, B&G navigation equipment including radar and autopilot, lithium house batteries, Starlink Maritime, folding bronze propeller, new canvas work and an extensive sail wardrobe. The yacht features the popular three-double-cabin, one-head layout, providing accommodation for up to six guests. Two double aft cabins complement her spacious forward owner's cabin, while heating and twin marine air-conditioning make her particularly suitable for extended cruising throughout different seasons and climates.   A particularly strong feature of Deep Blue 7 is the investment made in her cruising autonomy and onboard systems. A Fischer Panda generator installed in 2024 has fewer than 50 operating hours, while the electrical installation includes a LiFePO4 house battery bank, 230V shore power and Starlink Maritime connectivity. She is powered by the original Yanmar 3YM30X1 29 hp three-cylinder diesel engine, driving through a saildrive with a folding bronze propeller.   Polish-registered. EU VAT not paid.
HIGHLIGHTS: ONE OWNER FROM NEW – NEVER CHARTERED; EXTENSIVELY UPGRADED FOR LONG-DISTANCE CRUISING   3 double cabins / 6 berths Yanmar 29 hp diesel   Fischer Panda generator – 2024 /   Twin marine air-conditioning – 2024   Cabin heating   B&G navigation system   Radar – 2024 Autopilot – 2024   Bow thruster Folding bronze propeller – 2026   LiFePO4 lithium house batteries – 2026 Starlink Maritime – 2026
