Baha 257 now in the online auction. everyone can bid until 19 October 2026.

baha 257 versatile motorboat for the water

the 2000 baha 257 is an appealing motorboat for enthusiasts of comfortable cruising, sporty performance and relaxing time on board. with a length of 7.62 metres and a beam of 2.64 metres, she offers a pleasant combination of space, handling and ease of use. the polyester hull has a v-bottom and a draft of approximately 60 centimetres, making this baha suitable for day trips, coastal waters and recreational cruising on lakes and canals.

this baha 257 wac is configured as a spacious cabin cruiser with a self-draining cockpit. her generous cockpit invites you to spend long days on the water, while the exterior cushions provide extra comfort while cruising or relaxing at anchor. a swim platform is located at the stern, making swimming, boarding from the jetty and water sports activities practical and convenient.

baha 257 now in the online auction. everyone can place bids until 19 October 2026.

what makes this baha 257 appealing?

the baha 257 combines a sporty appearance with practical amenities for spending time on board. she has two fixed berths, making weekend trips on the water possible. the cabin is equipped with a refrigerator, and recreational use has also been taken into account outside. the boat features an audio system, a cool box and a fish well, among other equipment. this makes her interesting for both relaxed cruises and fishing trips.

the spacious cockpit, comfortable cushion set and available bow and stern seats make her suitable for entertaining family and friends. her electric windlass provides extra convenience when anchoring. the baha also has wheel steering, allowing her to be operated comfortably from the helm position.

which engine is installed in this motorboat?

the baha 257 is powered by a volvo penta 5.7gs v8 petrol engine producing 250 hp. it is an inboard engine with duo prop drive. thanks to its eight cylinders, this engine provides a powerful basis for brisk acceleration and comfortable cruising. the engine starts immediately, despite the fact that the boat has currently been stored ashore for approximately two years.

the engine is operational and can be run during the viewing day. this gives interested parties the opportunity to listen to the engine and assess its operation under these conditions themselves. on board there is a fuel gauge, oil pressure gauge, temperature gauge and tachometer. the electrical installation consists of a 12-volt system with two batteries and a total capacity of 280 Ah. a battery charger is also present.

what is the condition of the hull?

the hull is constructed entirely from polyester and is in used, original condition. the last antifouling treatment was carried out in 2025. no signs of osmosis have been observed. the combination of the v-bottom, polyester construction and practical dimensions makes this boat suitable for a wide range of recreational uses.

as with any used boat, it is advisable to carefully inspect the hull, deck, technical systems and equipment present during the viewing day. the baha has been stored ashore for an extended period, making a personal assessment of her overall condition particularly valuable before placing a bid.

what equipment is available on board?

on board there are two fixed berths, a refrigerator, a manual toilet and various cushions. the toilet discharge is connected directly to the surrounding water. outside, she has a spacious self-draining cockpit, exterior cushions, bow and stern seats, a swim platform and an electric windlass. the boat is therefore equipped for comfortable day trips and short stays on board.

there is also equipment present that is currently not connected, including a gps, marine radio and possibly radar. the operation of this equipment is unknown. during the viewing, a buyer can assess which equipment is present and whether connection or inspection is required.

who is this boat suitable for?

the baha 257 is of interest to water sports enthusiasts looking for a used motorboat with sleeping accommodation, a powerful v8 engine and a spacious cockpit. she is well suited to families, couples and fishing or cruising enthusiasts who value a versatile cabin cruiser. her length makes her spacious

enough for comfortable use, while her 2.64-metre beam remains practical for many marinas and berths.

those looking for a baha 257 for sale, a polyester motorboat with berths or a sporty boat for weekend trips will find an attractive starting point in this boat. she is being offered through boatauction and can be viewed during the viewing day. the engine can be run there, allowing interested parties to gain a better impression of her technical operation and capabilities.

the 2000 baha 257 is waiting for a new owner who wants to make full use of her on the water once again. with her volvo penta v8, duo prop drive, spacious cockpit, swim platform and sleeping accommodation, she offers a versatile foundation for relaxing boating seasons.
