XBOAT ref :6375.

The LAGOON 620 needs no introduction, being the most popular catamaran on the market in this size: BLUE ZONE is in remarkable condition, as it has been maintained by a demanding owner and a permanent crew, and has never been chartered. Regular upgrades have been made in recent years: new dinghy, combined davits with a custom immersible swim platform, 33 kW lithium batteries, 2 new watermakers, solar panels, custom bimini, 80 kg stainless steel anchor, new mainsail, standing rigging replaced in 2021...

BLUE ZONE, built in late 2011, is a 5-cabin version with the galley below and direct access to the cockpit; the saloon is spacious and bright with two distinct areas: the dining space with telescopic tables, and the lounge area with TV and the central chart table at the front. The view is panoramic, the deck is uncluttered, and access to the cockpit is level. The large benches with the kitchenette offer great comfort for 10 people, access to the side decks is easy, and the swim platform is a major asset for the dinghy or water sports.

On the flybridge, the volumes are just as impressive: 2 helm stations, a large bench with 2 coffee tables, all protected by the large custom hardtop, sunbathing areas; simply a convivial space away from prying eyes.

Available after the summer, BLUE ZONE is a flawless unit, ready to set sail. More details and pictures on xboat.uk
