Various

Piantoni 53 Flybridge now in the online auction. everyone can bid until 19 October 2026.

what kind of boat is this?

this piantoni 53 fly is an italian motor yacht with flybridge, built in 1993. she is 16.20 metres long, 5.30 metres wide and has a draught of 1.10 metres. the air draught is 4.50 metres. with her v-shaped hull, twin rudders and polyester hull, the boat is designed for comfortable cruising at sea and longer stays on board.

the flybridge provides a second helm station and additional outdoor seating. below deck you will find a spacious saloon, a dining area and various facilities for staying on board. the interior headroom is approximately 2 metres, making the living spaces comfortably accessible for taller people. the boat has been used for pleasure cruising and holidays at sea.

piantoni flybridge now in the online auction. everyone can place a bid until and including 19 october 2026.

how much space does she offer on board?

the piantoni has eight permanent berths. the description mentions three cabins with a total of six passenger berths, as well as a crew cabin with two berths. this provides space for a family, a group of friends or a party wishing to stay on board for several days or weeks.

three bathrooms with toilet facilities are listed. the toilet is a vacuum system, and the waste is not discharged directly into open water. the boat is also equipped with mattresses, air conditioning, hot-air heating and hot water. the water tank has a capacity of 500 litres and the waste-water tank holds 50 litres.

what facilities does the galley have?

the galley is equipped for independent living on board. it has a cooker, oven, microwave, freezer and a bosch dishwasher. the dining area connects to the living space, making it practical to combine cooking and dining on board.

according to the description, the saloon and cabins were refurbished in 2022. this included, among other things, the flooring, upholstery and interior. the boat has therefore been arranged with onboard living in mind, but the viewing day remains important in order to assess the finish, layout and condition of the various spaces yourself.

what engines does this piantoni have?

the boat is equipped with two man diesel engines with electric starting and inboard drive. both engines are stated to be operational. according to the available information, the engines have approximately 530 operating hours. the additional description mentions man d2848 lxe engines rated at 690 hp each, providing a combined total of 1,380 hp. the drive system uses zf reverse gears and a direct propeller-shaft connection.

the engine room and technical installations can be inspected during the viewing day. the boat was taken out of the water for maintenance in 2026 and received antifouling treatment that year. new anodes are also mentioned. the fuel tank capacity is two times 700 litres.

what navigation equipment and technology are on board?

an extensive navigation package is installed on board. the equipment includes a gps, chart plotter, autopilot, ais, radar, vhf radio, compass, wind instrument, depth sounder, log and speedometer, and fishfinder. the additional description mentions a raymarine axiom plus system, together with a quantum radar and a raymarine vhf with dsc.

for the power supply, she has a battery charger, inverter and a victron battery monitor. there is 220-volt and 24-volt power on board. an 8 kva kohler generator is also listed. the electric bow thruster assists with manoeuvring in the harbour. the presence and operation of this equipment can be visually assessed during the viewing day.

how is the outdoor area arranged?

outside, the piantoni has teak decking on the aft deck and swimming platform. the cockpit has a table and outdoor cushions. a pulpit and guardrails, fenders and lines are among the equipment on board. the flybridge has a second helm station with a bimini, providing shelter from the sun. an inflatable tender is also listed.

the anchor is attached to a chain and operated by a hydraulic windlass. a lifebuoy is provided for safety, and an electric bilge pump is installed to keep the bilge dry. the outdoor areas are suitable for living on board during holidays, relaxing and enjoying the view from the cockpit or

flybridge.

where can you view this boat?

the piantoni 53 fly is located in the area of toulon. a viewing day will be organised, giving you the opportunity to inspect her up close. this is the time to assess the layout, engine room, technical installations, woodwork, upholstery and exterior yourself.

those searching online for a boat to buy may come across this model: a spacious flybridge boat from the 1990s with ample living space and extensive equipment. for anyone specifically looking to buy a second-hand boat, the age, maintenance history and actual condition on the viewing day are important points to consider. useful boat-buying tips therefore include comparing the dimensions, air draught, engine specifications and equipment list with your own boating plans in advance. the auction is conducted through boatauction.
