Zodiac Open 6.5 Neo now in the online auction. everyone can bid until 19 October 2026.

zodiac open 6.5 neo with suzuki outboard motor

what type of boat is the zodiac open 6.5 neo?

the zodiac open 6.5 neo is an open sports boat from 2020, with a length of 6.50 metres and a beam of 2.54 metres. its composite hull has a v-shaped bottom, making it suitable for relaxed trips on inland waterways and recreational use. with its black finish and red accents, it has a distinctive appearance, while the open layout provides space for various activities.

the boat is offered through boatauction and comes with a 2022 ohlmeier road trailer. this makes the combination suitable for someone who does not want to leave the boat permanently in the water and wants to use it at different locations. the trailer has a permitted maximum mass of 1,800 kilograms, a single axle and a trailer winch. centring aids, keel rollers and side-support rollers are also included.

zodiac open 6.5 neo now in the online auction. everyone can place bids until 19 october 2026.

which engine is fitted to the boat?

the zodiac is equipped with a 2021 suzuki df150ap engine. this outboard motor delivers 150 hp, or 110 kilowatts, and has four cylinders. according to the available information, it has approximately 35 operating hours. the engine is operational and comes with electronic controls, a digital gauge and a wiring harness.

the fuel tank has a capacity of 200 litres. a fuel tank gauge and a tachometer are present on board. the engine has electronic shifting. the combination of the engine power and hull shape makes this boat suitable for anyone who wants to travel at a good speed, although it remains important to carefully assess the overall condition of the engine, controls and connections yourself during the viewing day.

what equipment is included for the buyer?

the equipment is aimed at comfort and day cruising. on board you will find, among other things, a bow cushion, backrest cushions, a forward sun deck and a bimini. for swimming, the boat is equipped with a swimming ladder. the manual anchor winch is also included in the equipment.

navigation equipment includes a depth sounder and gps. navionics germany inland is also listed. the audio system consists of a fusion marine stereo system with a six-inch marine speaker, a dab module and an antenna. the boat is also equipped with an electric horn.

what is the usage history of this boat?

the boat has been used on inland waterways. according to the seller's information, it has not been used in salt water and has not been kept permanently afloat. the current owner states that the boat has not been used due to a lack of time. the previous owner is also said to have had little opportunity to go boating. as a result, the usage history is limited, but it is advisable to pay close attention to the boat, engine, upholstery, electronics and trailer during the viewing day.

the stated condition of the boat is good. an inspection during the viewing day gives you the opportunity to examine it up close, assess the finish and determine whether the equipment meets your expectations.

what are the features of the ohlmeier trailer?

the ohlmeier 1800 trailer was built in 2022 and is offered together with the boat. it has a permitted maximum mass of 1,800 kilograms and a stated payload of 1,440 kilograms. the unladen weight is approximately 360 kilograms. the trailer is braked, has one axle and is fitted with 14-inch wheels.

the trailer has four polyurethane keel rollers, side-support rollers with rubber rollers, an aluminium walkway and a trailer winch. shock absorbers and a centring aid are also present. the trailer is not tiltable. its stated condition is good and a valid technical inspection is mentioned. during the viewing day, carefully check the tyres, rollers, lights, winch, coupling and chassis.

who is this zodiac suitable for?

this boat is suitable for you if you are looking for a sporty open boat for day trips, swimming, relaxing on inland waterways and recreational use. the spacious open layout makes it practical for outings with family or friends. the cushions and bimini can make time on board more comfortable, while the gps and depth sounder provide support during navigation.

anyone looking to

buy a boat with a trailer and a powerful outboard motor can include this zodiac in their comparison. for those specifically looking to buy a used boat with few stated operating hours, the approximately 35 engine hours are an interesting point to consider. at the same time, your own assessment remains important, as the recorded hours and overall condition should always be considered in their full context.

which boat-buying tips are important?

when considering boat-buying tips, it is advisable not to focus solely on the year of construction and engine power. during the viewing day, check the hull, mounting points, cushions, steering system, wiring, battery and all navigation equipment. also inspect the outside of the engine and look for signs of leaks, damage or overdue maintenance. according to the seller, the engine is operational, but a thorough visual inspection remains important.

also include the trailer in your assessment. check whether the boat rests properly on its rollers, whether the winch operates smoothly and whether the tyres and brakes are suitable for the intended use. when considering buying a boat, it helps to determine in advance how many people you usually want to take on board, which waters you intend to use it on and how you will arrange transport and storage.

how does the viewing work?

the boat can be viewed during the scheduled viewing day. there, you can assess its exterior, interior, engine, equipment and trailer. a viewing day is the ideal opportunity to check the details and determine whether the zodiac open 6.5 neo matches your wishes and expectations. when making your assessment, take the boat's age, its use on inland waterways and the information provided by the seller into account.
