SAT-TV : No	TV : No

Various

Remarks :

The Dragonfly 920 is one of the most successful trimarans ever built, combining exceptional sailing performance with remarkable comfort and practicality. Designed by Quorning Boats, she offers exhilarating speeds, responsive handling and outstanding stability, making her equally suited to coastal cruising, club racing and longer offshore passages.

Built in 2001, this example benefits from the renowned Dragonfly Swing Wing folding system, allowing the beam to be reduced in minutes for convenient marina berthing and economical storage. The folding mechanism is simple, reliable and one of the defining features that has made the Dragonfly range so highly regarded.

Her lightweight yet robust construction delivers impressive performance in light airs while remaining confidence-inspiring as the wind increases. Unlike many performance multihulls, the Dragonfly 920 provides comfortable accommodation with good headroom, practical berths, a functional galley and an enclosed heads compartment, making weekends or extended cruising a pleasure.

Whether you're looking for fast family cruising, competitive racing or an exciting and capable yacht that can easily be trailered or berthed in a standard marina berth, the Dragonfly 920 continues to be a highly sought-after design and represents excellent value in today's market.

Well proven, versatile and rewarding to sail, this 2001 Dragonfly 920 is ready for her next owner to enjoy.

Accommodation :

Accommodation

Sleeps up to five in a practical and comfortable interior.

- One cabin
- Two double berths
- One single berth
- One heads compartment

Service History

- Last lifted ashore: 2026
- Antifouled: 2025
- Anodes replaced: 2025
- Engine serviced: 2024

Repairs

The owner advises that in 2024 the vessel made contact with the Lefkas Canal, resulting in damage to a hull connector. The repair was completed by the original manufacturer, Quorning Boats (Dragonfly), restoring the vessel to the manufacturer's standard.

The Company offers the details of this vessel in good faith but cannot guarantee or warrant the accuracy of this information nor warrant the condition of the vessel. A buyer should instruct his agents, or his surveyors, to investigate such details as the buyer desires validated. This vessel is offered subject to prior sale, price change, or withdrawal without notice.
