Broker Remarks
Hanse 370 (2008/2009) – Air Conditioning | Well Maintained
Introducing this well-maintained Hanse 370, built in July 2008 and first registered in 2009, with an overall length of 11.25 meters. The yacht is currently Austrian-registered and was previously Spanish-flagged, with European VAT paid. For Spanish buyers, both the 12% Spanish Registration Tax and VAT have already been paid, representing an important advantage with no additional import or matriculation taxes to be settled in Spain.
This Hanse 370 combines performance, comfort and ease of handling, making her an excellent choice for both family cruising and longer passages. She features a solid fibreglass hull with a fin keel, offering stability and reliable sailing characteristics. Powered by a dependable YANMAR 3JH4E inboard diesel engine (40 HP), she ensures smooth and efficient motoring when required. The yacht holds a Category A (Ocean) certification, confirming her offshore capability.
CONDITION & MAINTENANCE: The boat has been consistently maintained and is presented in good overall condition, with recent works including:

Antifouling: 2025
Last haul-out: 2025
Digital logbook available, including maintenance records, services and voyages

The current owner is selling due to a lack of time to use the yacht.
A well-kept and honest Hanse 370 offering:

Proven performance and easy handling
Good level of onboard comfort
Air conditioning onboard
Transparent maintenance history

An ideal opportunity for buyers looking for a yacht with solid fundamentals and room for personal upgrades if desired.

Mechanical and Rigging
Powered by a Yanmar 3JH4E diesel engine (40 HP) with Saildrive transmission, the yacht provides reliable auxiliary power.
Key details:

Number of engines: 1
Make: Yanmar
Model: 3JH4E
Year: 2009
Serial Number: E06386
Last service: 2025
Engine hours: approx. 1,260 h
Replacement of damper (coupling)
Replacement of saildrive shaft seal at engine connection

Specifications

Power: 29.42 kW / 40 HP
Fuel: Diesel
Cylinders: 3
Cooling: Seawater

Transmission

Saildrive
Gearbox: SD50

Performance

Cruising speed: approx. 4 knots
Maximum speed: 6–7 knots

Propeller

Fixed 2-blade propeller
Gori 3-blade propeller available
Rope cutter installed

Consumption and Range

Fuel tank: 140 L steel
Approximate range: 280 NM

ELECTRICAL SYSTEM

Voltage: 12 V

Batteries – VICTRON (2017)

© yachtadvert.com 2026

3 Gel batteries – 110 Ah
1 AGM battery – 130 Ah

Charging

Engine alternator
Sterling Digital charger – 50 AMP
Battery monitor

Shore Power

Shore power connection – 15 m cable

The yacht benefits from a modernised electronics package including:

Raymarine compass (2009)
Raymarine depth sounder (2009)
