Broker Remarks
The new Sun Odyssey 415 features the hull design of the iconic Sun Odyssey 410. Powerful and elegant, this hull is distinguished by her inverted bow, which stands clear of the water, and her continuous, well-defined hull chine. Designed for family cruising all while ensuring excellent performance, she offers unique sensations at the helm and cruising with full confidence, owing to her twin rudders with self-aligning bearings. The overall weight savings of the boat, together with a larger sail area, guarantee greater responsiveness and performance. The versatility of the new Sun Odyssey 415 is unique on the market. Whatever your preferences and cruising area, this model adapts perfectly to suit your needs.
Now available for £333,853, a limited time discount from the list price.

Accommodation
An entirely revisited interior layout is distinguished by an L-shaped galley and an inviting saloon. A forward-facing chart table for two completes a layout that is resolutely turned toward functionality. Ideally situated at the base of the companionway, the L-shaped galley facilitates access to and from the exterior and features plenty of clever and practical storage. The saloon is generously sized, for comfortably accommodating up to five people, and benefits from exceptional natural lighting through windows in the hull.   Large, functional, easily accessible storage compartments are located under the seating. Facing the saloon seating, the innovative chart table combines all the necessary technical interfaces to manage all systems on board. Multiple storage compartments and a bookshelf round out this living space. This layout maximises available living space and promises unforgettable shared moments with friends and family
