Broker Remarks
The Bruce Roberts Spray 40 is a true blue water cruiser able to take whatever weather and sea conditions she finds herself in. Her long keel and steel construction makes her a safe, sturdy and comfortable cruising sailing yacht.
White Dolphin is fitted out with high quality teak joinery throughout which gives her a extremely warm and cozy atomsphere, ideal for long periods at sea or in harbour. She would be an perfect liveaboard yacht.

She comes with a very powerful Ford Dover 80hp engine with low hours, which has been regularly serviced. Her sails are all in excellent condition . In fact her condition overall is excellent as she has been very lightly used.

She has full navigation electronics, a generator and shore power along with a pressurized hot water system and hot air heating, in fact everything necessary to keep the most demanding crew happy.

This is a proven and tested Bruce Roberts design that is ready for adventures anywhere in the world.

She can be viewed afloat in Lymington. Please call Howard Ross on 07590 47548 for more information and to arrange a viewing.
