Various

The Draco 2000 is a stylish classic among sport boats €“ renowned for its elegant lines, high-quality Norwegian craftsmanship, and dynamic performance on the water. Powered by a reliable Volvo Penta inboard engine with stern drive (Z-drive), this boat delivers powerful performance, great comfort, and timeless design, ideal for inland cruising or near-coastal waters. At approximately 6 meters in length, the Draco 2000 is compact yet surprisingly spacious. Its deep-V hull ensures excellent handling and stability, even in choppy waters, offering a safe and confident ride. With space for up to six people, it's perfect for family outings, day trips, or sporty fun on the water. A standout feature is the retrofit swim platform with bathing ladder, which provides easy and comfortable access to the water €“ perfect for swimming, relaxing at anchor, or watersports. Unlike integrated platforms, this one has been solidly mounted at the stern, offering functional utility while maintaining the boat's classic lines. The cockpit features cushioned seating, a well-laid-out helm with clear instruments and great visibility, and ample storage for your gear and personal items. A padded sunbed at the bow invites you to relax, and an optional bimini top provides shade when needed. The Volvo Penta inboard engine with stern drive delivers smooth and strong propulsion, ideal for both high-speed cruising and precise low-speed maneuvering in marinas. Known for its reliability and easy maintenance, this engine setup makes the Draco 2000 a joy to operate even today. Whether for family trips, watersports, or simply enjoying time on the water €“ the Draco 2000 brings a unique blend of character, quality, and versatility. Schedule a viewing today and experience this well-maintained classic in action €“ sporty, functional, and full of charm!
