Remarks :

The**Jeanneau Yacht 55**is a magnificent sailing yacht with a perfect combination of luxury, performance, and comfort. This yacht was designed by world-renowned architects Philippe Briand, Andrew Winch, and Jeanneau Design, ensuring that every aspect of the yacht had been carefully considered. The overall length of the yacht with the bowsprit is 16.93m, and the beam measures 4.99m, providing ample living and relaxation space for you and your guests.

Overall, the**Jeanneau Yacht 55**is a fantastic yacht that offers everything you need for a comfortable and enjoyable sailing experience. The yacht's excellent sailing performance, luxurious interior, and spacious cockpit make it the perfect choice for anyone looking for a yacht that provides the ultimate sailing experience. If you are interested in purchasing the**Jeanneau**Yacht 55,**please don't hesitate to contact****EUROYACHTS**. Our team of experts will happily provide you with all the information you need to make an informed decision

Part Exchange and Finance available.

Accommodation :

The interior of the yacht is a masterpiece of modern design, offering a warm and inviting atmosphere. The yacht has three cabins that can accommodate six to eight people, making it ideal for families or a group of friends. The cabins are spacious and feature large windows that allow plenty of natural light to flood in, creating a bright and airy environment.Designed as a true private apartment, in an unprecedented layout, the forward owner's suite occupies fully two-thirds of the interior. Refined, bright and comfortable, the Jeanneau Yachts 55 is well equipped for cruising with full peace of mind. The main companionway provides private access to the owner's suite, opening onto the forward cabin, and features numerous handholds for safety on board while under way. Two cabins with private bathrooms enable guests to enjoy perfectly independent living spaces, accessible from the cockpit by two separate companionways.

The private saloon is also a great place to relax, offering stunning views and a comfortable seating area.

The cockpit is one of the key features of the Jeanneau Yacht 55, offering a spacious area for relaxation and entertainment. The protected navigation station provides a safe and comfortable area for you to control the yacht, while the exterior saloon provides a great place to dine and socialize with friends. The full-width sundeck at the aft end measures almost 5 meters, providing a perfect place to sunbathe and relax. The walk-around deck, winches and blockers, and easy and safe circulation make the cockpit a great place to spend time, even with the dinghy in place.

The yacht's helm position forward allows for the full-width cockpit, deckhouse, and the 2nd and 3rd cabin access, so you no longer impede any other guests onboard with your own shower and toilet. The yacht also features a large garage that measures 2.1m wide by 1.5m deep, providing ample storage space for all your sailing equipment.

Inventory :

Cockpit

On the exterior, the Dual Cockpit takes on new meaning. The aft is dedicated to relaxation, featuring: two saloons, one U-shaped and one L-shaped, which each convert into sundecks, and a gigantic

hydraulic swim platform. The twin helms are positioned forward, and even feature an exterior chart table with a GPS screen and autopilot controls, all sheltered by the hard top and the wide, wrap-a-round windscreen, offering remarkable visibility. These innovations enable you to cruise in all seasons and latitudes, placing the pleasure of sailing back at the heart of life on board.

Garage access (2,10 x 1,50 x 0,35m / 6'10" x 4'10" x 1'1")

Technical Equipment

LCD displays: DC Voltage level, amperage consumption meter, fuel and water gauges, Navicolor screen 3.5"

Induction phone charging station

Server Web Scheiber NMEA 2000 (Ship Control)

SEANAPPS Connected Technology: allows you to monitor the condition of the boat and receive alerts and maintenance recommendations via the associated mobile application. Depending on the boat's configuration, SEANAPPS collects safety indicators (GPS position, battery status, bilge level, engine status), navigation data (distance travelled, speed, depth), and comfort information (tank levels, cabin temperature and humidity).
