Remarks :

Stunning Finnmaster T7 available here at Largs Yacht Haven on its own berth , this is a must see boat , the build quality and look of this boat is amazing with a solid and high-quality finish. The amount packed aboard this T7 is unrivalled for the size of boat and she has an impressive specification.

She has had one owner from new, has been meticulously maintained her to an immaculate standard. One of the features that has really impressed us is the foldable cockpit cover. Once opened it completely encloses the cockpit, however on a sunny day the cover can be neatly folded away and stored under the aft seating.

Down below she has a huge double berth with the addition of an infill to make the berth bigger. The berth is surrounded by windows both in the hull and skylights on the bow of the boat making it a really light and airy space. There is also a toilet.

She is powered by a Yamaha 250hp V6 Outboard which has only done 189 hours. This is an upgraded model as the standard is the 150hp. This will push the boat up to 40 knots!

Part Exchange and Finance available.

Accommodation :

Spacious forward cabin with large double bed

Manual seawater toilet to starboard

Cabin carpet and curtains

LED interior lights

Step up into the cockpit and you have a Dometic fridge under the navigators seat, and a sink to port
